Decision No. 89404 SEP 19 1978

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

H-10 WATER TAXI CO., LTD.,  
 Complainant,  
 vs.  
 UNIVERSAL MARINE CORPORATION,  
 a corporation,  
 Defendant.

Case No. 10345  
(Filed June 7, 1977)

Application of Universal Marine Corporation for a certificate of public convenience and necessity to expand operations as a common carrier by vessel in the Los Angeles and Long Beach Harbors.

Application No. 57692  
(Filed November 27, 1977)

ORDER CORRECTING ERROR

The Commission has been informed of an inadvertent error in Decision No. 89353.

Pursuant to Resolution No. A-4661,  
IT IS ORDERED that:

1. The error is corrected as follows:

The third and fourth sentences in the second paragraph under Issue 5 on page 14 of Decision No. 89353 are corrected to read:

"This move will require H-10's vessels to travel approximately five miles in a channel wherein vessel speed is restricted to five or six knots, thereby doubling the time it takes H-10 to reach the deep water anchorages located in the Port of Long Beach and outside the breakwater. The additional time it would take H-10 to reach the deep water anchorages in the Port of Long Beach and outside the breakwater makes it logistically and economically more advantageous to utilize Universal which is located at Berth 121 in the Port of Long Beach."

2. In all other respects, Decision No. 89353 shall remain in full force and effect.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 19th  
day of SEPTEMBER, 1978.
