In the matter of the Application)	
of ELAINE S. JAROS (Purchaser))	
and DOROTHY J. PEEL (Seller))	Application No. 58312
for authorization to transfer)	(Filed August 23, 1978)
Certificate of Passenger Stage)	
Service)	

O P I N I O N

By Decision No. 87370 in Application No. 57021, Dorothy J. Peel was issued a Certificate of Public Convenience and Necessity to operate as a passenger stage corporation (PSC-983) between Redding and Redding Municipal Airport.

By Application No. 58312 Dorothy J. Peel, hereinafter referred to as seller, requests authority to transfer her Certificate of Public Convenience and Necessity to transport passengers and express to Elaine S. Jaros, doing business as Airport Bus Service, hereinafter referred to as purchaser.

The seller and purchaser have entered into a written agreement on the terms and conditions for the transfer of the Certificate of Public Convenience and Necessity. The parties have agreed that the purchase price will be the sum of one hundred dollars (\$100).

The application was listed on the Commission's Daily Calendar of August 28, 1978. The Commission's Transportation Division staff has reviewed the application and recommends that in the absence of protest or request for public hearing, it be granted by ex parte order. No protest or request for hearing has been received. A public hearing is not necessary.

After consideration, the Commission finds that the proposed transfer would not be adverse to the public interest and concludes that it should be authorized.

The order which follows will provide for, in the event the transfer is completed, the revocation of the certificate presently held by Dorothy J. Peel and the issuance of a certificate in appendix form to Elaine S. Jaros, doing business as Airport Bus Service.

Purchaser is placed on notice that operative rights, as such, do not constitute a class of property which may be capitalized or used as an element of value in rate fixing for any amount of money in excess of that originally paid to the State as the consideration for the grant of such rights. Aside from their purely permissive aspect, such rights extend to the holder a full or partial monopoly of a class of business. This monopoly feature may be modified or canceled at any time by the State, which is not in any respect limited as to the number of rights which may be given.

O R D E R

IT IS ORDERED that:

1. On or before February 1, 1979, Dorothy J. Peel may sell and transfer the operative rights referred to in the application to the purchaser Elaine S. Jaros, doing business as Airport Bus Service.
2. Within thirty days after the transfer the purchaser shall file with the Commission written acceptance of the certificate and a true copy of the bill of sale or other instrument of transfer.
3. Purchaser shall amend or reissue the tariffs and timetables on file with the Commission, naming rates and rules governing the common carrier operations transferred to show that she has adopted or established, as her own, the rates and rules. The tariff and timetable filings shall be made effective not earlier than five days after the effective date of this order on not less than five days' notice to the Commission and the public, and the effective date of the tariff and timetable filings shall be concurrent with the transfer. The tariff and timetable filings made pursuant to this order shall comply in all respects with the regulations governing the construction and filing of tariffs and timetables set forth

A. 58312 - mh

in the Commission's General Orders Nos. 79-Series and 98-Series. Failure to comply with the provisions of General Orders Nos. 79-Series and 98-Series may result in a cancellation of the operating authority granted by this decision.

4. In the event the transfer authorized in Paragraph 1 is completed, effective concurrently with the effective date of the tariff filings required by Paragraph 3, a Certificate of Public Convenience and Necessity is granted to Elaine S. Jaros, doing business as Airport Bus Service, authorizing her to operate as a passenger stage corporation, as defined in Section 226 of the Public Utilities Code, between the points and over the routes set forth in Appendix A, attached hereto and made a part hereof.

5. The Certificate of Public Convenience and Necessity granted by Decision No. 87370 is revoked effective concurrently with the effective date of the tariff filings required by Paragraph 3.

6. Purchaser shall comply with the safety rules of the California Highway Patrol, the rules and regulations of the Commission's General Order No. 98-Series, and insurance requirements of the Commission's General Order No. 101-Series.

7. Purchaser will maintain her accounting records on a calendar-year basis in conformance with the applicable Uniform System of Accounts or Chart of Accounts as prescribed or adopted by this Commission and shall file with the Commission, on or before March 31 of each year, an annual report of her operations in such form, content, and number of copies as the Commission, from time to time, shall prescribe.

A. 58312 - mh

The effective date of this order shall be thirty days after the date hereof.

Dated at San Francisco, California, this 31st day of OCTOBER, 1978.
