In the Matter of the Application of)
RANCHO LAS POSAS WATER COMPANY, a)
California corporation, for)
authorization to increase its rates)
for general metered service, irri-)
gation service and special service)
rates.)

Application No. 56964
(Request for Extension
filed December 6, 1978)

ORDER EXTENDING TIME

By letter dated December 1, 1978, from the attorney for applicant, Rancho Las Posas Water Company, to the Executive Director of the Commission, applicant requested an extension of time to December 18, 1978, to comply with Ordering Paragraph 4 of Decision No. 89448 issued October 3, 1978.

In its letter as justification for the extension of time applicant stated:

"The Commission's order in paragraph 4 requires as a condition precedent the filing by the parent of the water company of a commitment to construct certain improvements as ordered by findings 7 and 8. Finding No. 7 by its reference to pages 21 through 24 of the opinion requires the submission of a master plan by the water company within 60 days from the effective date of the order. This would require a filing of the first portion of the plan within 60 days.

"The water company hired an engineering firm to accomplish the requisite master plan. Enclosed is a copy of a letter from the firm so hired indicating that although the master plan is completed it

will not be printed and submitted until early December. It is respectfully requested, therefore, that the Commission extend the time for filing the first portion of the master plan until Monday, December 18, 1978. It is anticipated that the water company will file concurrently with the master plan the commitment by its parent to make the improvements as ordered in order to make effective the rates set forth in Appendix A to the opinion."

Rancho has expressed its intent to make the needed system improvements.

It is reasonable to grant the extension of time requested for filing the portion of the improvement plan due 60 days after the effective date of Decision No. 89448.

Therefore, IT IS ORDERED that Rancho Las Posas Water Company is authorized to make the improvement plan filing due 60 days after the effective date of Decision No. 89448 as set forth in Ordering Paragraph 4 of Decision No. 89448 issued October 3, 1978 on or before December 18, 1978.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 19th day of DECEMBER, 1978.
