ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Investigation on the Commission's own motion to determine the revisions to the Uniform Main Extension Rules for water utilities necessitated by modifications to General Order No. 103 ordered by Decision No. 84334.

Case No. 9902

ORDER EXTENDING TIME

On April 15, 1975, in Case No. 9902, the Commission instituted an investigation into the operations and service of public utility water companies to determine what revision of Rule 15 (the "Water Main Extension Rule") was necessitated by the modifications to General Order No. 103 ordered by Decision No. 84334.

On November 28, 1978, by Decision No. 89695, the Commission ordered that all inquiries previously ordered in Case No. 9902 be superseded by the following:

1. Should facilities contributed to a sewer or water utility be transferred without compensation in the event of their acquisition by a public agency?
2. Should money or facilities provided by an applicant for a sewer or water main extension no longer be subject to refund?
3. Should free-footage allowances for individual applicants be either modified or eliminated?

Decision No. 89695 then further ordered the staff to prepare a report setting forth its recommendations as to these inquiries, including revised tariffs which incorporate any

recommended changes and distribute within ninety days following the effective date of this order a copy of that report to all respondents and interested parties.

The staff report is now due, but the staff has not had sufficient time to complete the report and to coordinate the report for review and further consideration by the three divisions involved directly with regulation of water utilities. Therefore, the staff has requested an extension of time for distribution of its report until ~~June 30~~^{July 2}, 1979.

After consideration of this matter we conclude that the staff request is reasonable, and in the public interest; therefore,

IT IS ORDERED that the date for distribution of this staff report required by Decision No. 89695 be extended to ~~June 30~~^{July 2}, 1979.

The Executive Director shall cause a certified copy of this order to be mailed to all respondents and interested parties in Case No. 9902.

The effective date of this order is the date hereof.

Dated at ~~San Francisco~~, California, this 27th day of FEBRUARY, 1979.
