DONALD L. MILBURN,

Complainant,

vs.

PACIFIC GAS AND ELECTRIC  
COMPANY,

Defendant.

Case No. 10668  
(Filed September 15, 1978)

ORDER DENYING REHEARING

Manuel Costa and Donald L. Milburn have filed an application for rehearing of Decision No. 89772. The Commission has considered each and every allegation contained therein and is of the opinion that good cause for granting rehearing has not been shown.

By Decision No. 89851 issued January 11, 1979, the Commission denied Application No. 56532 submitted by Pacific Gas and Electric Company requesting authorization to construct a transmission line between the Gates and Gregg Substations. As a result, petitioners' request for rehearing of Decision No. 89851 is rendered moot. Therefore,

IT IS ORDERED that the application for rehearing filed by Manuel Costa and Donald L. Milburn is hereby denied.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 27<sup>th</sup> day of FEBRUARY, 1979.
