Application No. 58415
(Filed October 17, 1978)

SUPPLEMENTAL OPINION AND ORDER

Decision 89873 dated January 16, 1979 in this proceeding authorized the transfer from Frank's Trucking to Chipman Corporation of a certificate of public convenience and necessity as a highway common carrier of general commodities between all points and places in San Francisco Territory and between all points on and within ten (10) statute miles of five (5) routes located in Alameda, Contra Costa and Solano Counties. Said certificate also authorizes the transportation of certain specific commodities on and within ten (10) statute miles of Interstate Highway 80 between Vallejo and Sacramento and Interstate Highway 205 between Tracy and Stockton.

It has been brought to the attention of the Commission's staff that the language in the preface to the general exception set forth in Part IV of Appendix A, needs to be corrected in order that it will correspond with the similar restriction contained in Part IV of Appendix A of Decision 83347.

In the circumstances it appears that the necessary correction should be made by the order herein and that Appendix A of Decision 89873 should be amended accordingly. The effective date of this order should be the date on which it is signed since there is no reason to delay correcting the discrepancy.

IT IS ORDERED that Decision 89873 is amended by substituting the attached First Revised Page 2 of Appendix A in place and instead of Original Page 2.

A. 58415 - mh

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 10th
