Application No. 58867
(Filed May 14, 1979)

SUPPLEMENTAL OPINION AND ORDER

Decision 90459 dated June 19, 1979, in this proceeding, granted authority to O.N.C. Freight Systems to sell and transfer a highway common carrier certificate to McLean Trucking Company, a North Carolina corporation, authorized to do business in California. The certificate authorizes the transportation of general commodities, with certain exceptions between points in Northern California. It has been brought to the attention of the Commission's staff that a portion of one of the exceptions was inadvertently omitted from Appendix A of Decision 90459.

In the circumstances, it appears that the necessary correction should be made by the order herein and that Appendix A of Decision 90459 should be amended accordingly. The effective date of this order should be the date on which it is signed since there is no known opposition and no reason to delay correcting the discrepancy.

IT IS ORDERED that Decision 90459 is amended by substituting the attached First Revised Page 3 in place and instead of Original Page 3.

The effective date of this order is the date hereof.

Dated JUL 31 1979, at San Francisco, California.
