## Decision No. 91257 JAN 15 1980

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of ) WILLIAM H. HUNT, dba HUNT TRANSPORTATION,) for a certificate of public convenience ) and necessity to operate a passenger ) stage service between various designated ) points and Hughes Aircraft Facilities, ) And For Interim Authority to Operate Said) Service Forthwith.

Application No. 59217 (Filed October 17, 1979)

## $\underline{O P I N I O N}$

William H. Hunt, doing business as Hunt Transportation, presently operates a passenger stage corporation under PSC No. 1029 to provide home-to-work bus service between points in Orange County and various aircraft facilities in the vicinity of Los Angeles International Airport. By this application Mr. Hunt seeks authority to operate an additional commuter route between Riverside and Corona, on the one hand, and the Hughes Aircraft facilities in Fullerton, on the other hand.

For the proposed service, applicant plans to use any of 6 intercity-type buses that he presently owns. The coaches range in vintage from 1962 through 1968. Applicant also has access to additional equipment on a lease basis.

Applicant alleges that the service has been requested by 30 employees of Hughes in Fullerton; that the service will be limited to Hughes employees traveling to and from work; and that no existing company is providing the service at present.

Applicant proposes to charge \$15.00 per person per week between the points to be served.

The application was listed on the Commission's Daily Calendar on October 22, 1979. The Commission's Transportation Division has reviewed the application and recommends that in the absence of protest or request for public hearing it be granted. No protest has been received.

After consideration, the Commission finds that a jublic read After consideration, the Commission finds that a jublic read After consideration and Necessity to operate as a Passenger Stage Corporation should be granted to the applicant to the extent set forth in the ensuing order. It can be seen with certainty that there is no possibility that the project involved in this proceeding may have a significant effect on the environment.

Applicant is placed on notice that operative rights, as such, do not constitute a class of property which may be capitalized or used as an element of value in rate fixing for any amount of money in excess of that originally paid to the State as the consideration for the granting of such rights. Aside from their purely permissive aspect, such rights extend to the holder a full or partial monopoly of a class of business. This monopoly feature may be modified or canceled at any time by the State, which is not in any respect limited as to the number of rights which may be given.
