IT IS ORDERED that:

1. Minimum Rate Tariff 3-A (Appendix A to Decision No. 55587, as amended) is further amended by incorporating therein, to become effective February 2, 1980, Supplement 19, attached hereto and by this reference made a part hereof.

2. Minimum Rate Tariff 8-A (Appendix B to Decision No. 85826, as amended) is further amended by incorporating therein, to become effective February 2, 1980, Supplement 9, attached hereto and by this reference made a part hereof.

3. Minimum Rate Tariff 14-A (Appendix A to Decision No. 67397, as amended) is further amended by incorporating therein, to become effective February 2, 1980, Supplement 26, attached hereto and by this reference made a part hereof.

4. Common carriers subject to the Public Utilities Act, to the extent that they are subject also to Decisions Nos. 55587, 85826, and 67397, as amended, are directed to establish in their tariffs the increases necessary to conform with the further adjustments ordered by this decision.

5. Common carriers maintaining rates on a level other than the minimum rates for transportation for which rates are prescribed in Minimum Rate Tariffs 3-A, 8-A, and 14-A are authorized to increase such rates by the same amounts authorized by this decision for the respective tariff rates.

6. Common carriers maintaining rates on the same level as Minimum Rate Tariffs 3-A, 8-A, and 14-A rates for the transportation of commodities and/or for transportation not subject to these tariffs are authorized to increase such rates by the same amounts authorized by this decision for the respective tariff rates.

7. Common carriers maintaining rates at levels other than the minimum rates for the transportation of commodities and/or for transportation not subject to Minimum Rate Tariffs 3-A, 8-A, and 14-A are authorized to increase such rates by the same amounts authorized by this decision for the respective tariff rates.

8. Any provisions currently maintained in common carrier tariffs which are more restrictive than, or which produce charges greater than, those contained in Minimum Rate Tariffs 3-A, 8-A, and 14-A are authorized to be maintained in connection with the increased rates and charges directed to be established by Ordering Paragraph 4 hereof.

9. Tariff publications required to be made by common carriers as a result of this order shall be filed not earlier than the effective date of this order and may be made effective not earlier than the effective date of the supplements attached hereto on not less than five days' notice to the Commission and to the public; as to tariff publications as are authorized, but not required, the authority shall expire unless exercised within sixty days after the effective date of this order.

10. Common carriers, in establishing and maintaining the rates authorized by this order, are authorized to depart from the provisions of Section 461.5 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with this order; and schedules containing the rates published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

11. Common Carriers are authorized to depart from the Commission's tariff circular requirements only to the extent necessary in establishing the surcharge supplements authorized by this order.

12. In all other respects, Decision Nos. 55587, 85826, and 67397, as amended, shall remain in full force and effect.

13. The Executive Director shall serve a copy of this decision on every common carrier, or such carriers' authorized tariff publishing agents, performing transportation services subject to Minimum Rate Tariffs 3-A, 8-A, and 14-A.
