Application No. 58348
(Filed September 11, 1978)

FINAL OPINION AND ORDER

Interim Decision No. 90974 dated November 6, 1979 in this proceeding and in Case No. 10193 (State of California, Department of Transportation v Beryl S. Smith dba West Tahoe Water Company) denied the request to transfer the certificate of public convenience and necessity to construct and operate a public utility water system granted to Beryl S. Smith dba West Tahoe Water System by Decision No. 64147 in Application No. 44243. That decision also ordered that the certificate in question would be revoked sixty days from the effective date of that order (February 6, 1980), and that if a protest in writing to the revocation of the certificate is received by the Commission, a public hearing would be held.

In a pleading filed December 13, 1979, Beryl S. Smith requests that the certificate in issue be revoked. Therefore, good cause appearing,

IT IS ORDERED that:

1. The certificate of public convenience and necessity granted in Decision No. 64147 dated August 21, 1962, in Application No. 44243 is revoked.

A.58348 ec

2. All current tariffs and maps filed with the Commission by Beryl S. Smith dba West Tahoe Water System are canceled on the effective date of this order.

The effective date of this order is February 6, 1980.

Dated JAN 20 1980, at San Francisco, California.
