ORDER OF DISMISSAL

The proposed service consists of operations between five shopping centers in the San Fernando Valley on the one hand and Dodger Stadium on the other hand, and return. The points of service and the routes to Dodger Stadium lie within the city limits of the City of Los Angeles.

Section 226 of the Public Utilities Code states in part that a passenger stage corporation includes every corporation engaged as a common carrier " *un*except those, 98 percent or more whose operations as measured by total route mileage operated, are exclusively within the limits of a single city *un*".
