Kreb and Figueroa to buy the water)
system in Phillipsville, Southern)
Humboldt County.)

Application No. 60031
(Filed October 27, 1980)

ORDER OF DISMISSAL

Applicants had sought authority, pursuant to Section 851 of the Public Utilities Code, to transfer the water system operating in the community of Phillipsville along the Avenue of the Giants and the south fork of the Eel River in Humboldt County.

The Humboldt-Del Norte County Department of Public Health by letter dated December 31, 1980 requests that the Commission not act upon the application until certain corrective measures are taken by the present or prospective owners with respect to the quality of the water being sold. That agency has also informed the Commission that the system is not presently being operated with a valid water supply permit as required by Section 4011 of the California Health and Safety Code.

Applicant transferees have notified the Commission by letter dated January 21, 1981 that they are no longer interested in purchasing the system due to the expense involved in bringing it up to a standard which would warrant issuance of a water supply permit.

IT IS ORDERED that Application No. 60031 is dismissed.

The effective date of this order shall be thirty days after the date hereof.

Dated APR 7 1981, at San Francisco, California.
