provisions resulting in increases )	Application 60683
in Transition Tariff No. 2 )	(Filed June 24, 1981)

O P I N I O N

By this application, TBX Motor Express, Inc. (TBX) requests authority to amend its tariff in the following manner:

1. Increase its collect-on-delivery charges.
2. Eliminate small shipment service.
3. Assess a charge for "proof of delivery."
4. Assess charges for residential redelivery.
5. Assess charges for inside delivery.

TBX states that these changes will provide additional revenue for the additional service provided, but the increases would not increase its gross California intrastate revenue by as much as 1%.

The application was listed on the Commission's Daily Calendar of June 29, 1981. No objection to the granting of the application has been received.

Findings of Fact

1. The increases resulting from this proposal are justified.
2. The following order has no reasonably foreseeable impact on the energy efficiency of highway carriers.
3. A public hearing is not necessary.

Conclusion of Law

The proposed increases are justified and should be granted as set forth in the ensuing order.
