Application 60929  
(Filed September 23, 1981)

ORDER OF DISMISSAL

By this application, Haffey Motor Transit, Inc. of California (Transferor), a California corporation, requests authority to transfer a highway common carrier certificate to Rush Motor Transit Inc. (Transferee), a California corporation .

Transferor held only highway carrier permits which have already been transferred to transferee under separate applications. Transferor does not hold certificated authority issued by this Commission. It is apparent that the application was filed as a result of a misunderstanding.

The Commission finds that Haffey Motor Transit, Inc. of California does not hold certificated operating authority issued by this Commission.

A.60929 T/SEG/RZE/WPSC

The Commission concludes that the application should be dismissed.

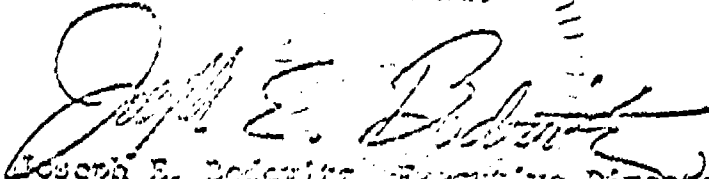

IT IS ORDERED that  Application 60929 is dismissed. *RH*

This order is effective today.
