O P I N I O N

By this application Precision Transport Co., Inc. (Precision), seeks authority to cancel its participation in tariffs issued by Western Motor Tariff Bureau, Inc., Agent (WMTB) and to publish an individual Local Freight Tariff No. 1 and to participate in various tariffs of Pacific Coast Tariff Bureau.

Due to inherent differences between tariffs issued by WMTB, an individual tariff tailored to the needs of Precision's customers, and the tariffs of Pacific Coast Tariff Bureau,

increases would result from the change. Precision has determined it would be in its best interest to transfer from tariffs of WMTB to an individual tariff and the various tariffs of Pacific Coast Tariff Bureau.

In no event would the increase in gross revenue derived from California intrastate traffic be as much as 1%.

This is not a major action under Public Utilities Code Sections 3502.1 and 3502.2.

The application was listed on the Commission's Daily Calendar of October 14, 1981. No objection to the granting of the application has been received.

Findings of Fact

1. Increases resulting from the proposal are technical in nature and justified.
2. The following order has no reasonably foreseeable impact upon the energy efficiency of highway carriers.
3. A public hearing is not necessary.

Conclusion of Law

The application should be granted as set forth in the order.

IT IS ORDERED ~~that~~ O R D E R
