in the State of California to the)
extent authorized by the)
Commission in I.87-11-033.)

Application 95-03-026
(Filed March 20, 1995)

ORIGINAL

ORDER CORRECTING ERRORS

The Commission has been informed of certain errors in Decision (D.) 95-11-045. Therefore, pursuant to Resolution A-4661, IT IS ORDERED that errors in D.95-11-045 are corrected as follows:

1. On page 1, first paragraph, the first sentence should read:

Avant-Garde Telecommunications of California, Inc. (AGT of California or applicant), a Delaware corporation qualified to do business in California, seeks a certificate of public convenience and necessity (CPCN) to permit it to offer interLATA and intraLATA telephone services in California under the name WinStar Wireless of California, Inc.¹

¹ California is divided into ten Local Access and Transport Areas (LATAs) of various sizes, each containing numerous local telephone exchanges. "InterLATA" describes services, revenues, and functions that relate to telecommunications originating in one LATA and terminating in another. "IntraLATA" describes services, revenues, and functions that relate to telecommunications originating and terminating within a single LATA.

2. On page 7, ordering paragraph one should read:

A certificate of public convenience and necessity is granted to WinStar Wireless of California, Inc. (applicant) to operate as a seller of the interLocal Access and Transport Area (LATA) and, to the extent authorized by Decision (D.) 94-09-065, intraLocal Access and Transport Area (LATA) telecommunication services offered by communication common carriers in California.

This order is effective today.

Dated MAR 28 1996, at San Francisco, California.
