Decision 96-10-013 October 9, 1996

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Group Long Distance, Inc. for a certificate of public convenience and necessity to provide interLATA and intraLATA telecommunications services within the State of California.

ORIGINAL

Application 96-07-034 (Filed July 23, 1996; supplemented August 2, 1996)

OPINION

Group Long Distance, Inc. (applicant), a Florida corporation qualified to do business in California, seeks a certificate of public convenience and necessity (CPCN) under Public Utilities (PU) Code § 1001 to permit it to resell interLATA and intraLATA telephone services in California as a switchless reseller. Applicant also seeks an exemption from Rule 18(b) of the Commission's Rules of Practice and Procedure to the extent that the rule requires service of the application on cities and counties in the proposed service area.

By Decision (D.) 84-01-037 (14 CPUC2d 317 (1984)) and later decisions we authorized interLATA entry generally. However, we limited the authority conferred to interLATA service, and we subjected the applicants to the condition that they not hold themselves out to the public to provide intraLATA service.

Subsequently, by D.94-09-065, we authorized competitive intraLATA service as a switchless reseller with the following characteristics: it uses the switch of another carrier; it usually, but not always, uses access circuits that the underlying carrier purchases from an interexchange carrier (IXC); it provides service in its own name, and its customers view it as a switchless reseller.

1. California is divided into ten Local Access and Transport Areas (LATAs) of various sizes, each containing numerous local telephone exchanges. "InterLATA" describes services, revenues, and functions that relate to telecommunications originating in one LATA and terminating in another. "IntraLATA" describes services, revenues, and functions that relate to telecommunications originating and terminating within a single LATA.

Decision 96-10-013 October 9, 1996  
services effective January 1, 1995, for carriers meeting specified criteria

The Commission has established two major criteria for determining whether a CPCN should be granted. An applicant who is a switchless reseller must demonstrate that it has a minimum of \$25,000 of cash or cash equivalent (as described in D.91-10-041, 41 CPUC2d 505 at 520 (1991)), reasonably liquid and readily available to meet the firm's start-up expenses. Such applicants shall also document any deposits required by local exchange companies or interexchange carriers (IECs) and demonstrate that they have additional resources to cover all such deposits. (D.93-05-010, 49 CPUC2d 197 at 208 (1993)). In addition, an applicant is required to make a reasonable showing of technical expertise in telecommunications or a related business.

By its August 22, 1996 clarification letter, applicant provided detailed financial statements dated April 30, 1996 to demonstrate that applicant has more than \$25,000 of cash. This supplemental information satisfies our criteria for being reasonably liquid and readily available to meet the applicant's needs.

Applicant provided information on its five key officers indicating their technical experience in the telecommunications field, as detailed in Exhibit G to the application. These key

themselves out to the public to provide intralata services.

2 D.93-05-010 defines a switchless reseller as a nondominant interexchange carrier (NDIEC) with the following characteristics: it uses the switch of another carrier; it usually, but not always, uses access circuits that the underlying carrier purchases from an LEC; it provides service in its own name, and its customers view it as their telephone company for interLATA and interstate calls. D.92-06-069 noted that it is possible to control, operate, manage telephone lines without owning them. The decision also notes that resellers which do not own or directly operate their own telephone wires may still have plant which is owned, controlled, operated, and/or managed in order to facilitate communication by telephone.

officers are: President and Chief Financial Officer Gerald M. Dunne, Vice President of Administration and Corporate Secretary Andrea A. Morey, Vice President of Marketing Michael A. Mueller, Vice President of Sales Jeffrey A. Ullman, and Director of Operations Jeffrey J. Granick. In addition, applicant attached a complete draft of its California tariff schedule to the application as Exhibit E to further substantiate its technical experience. Applicant possesses the necessary financial and technical expertise to operate as a switchless nondominant telecommunications carrier. We will authorize the interLATA and intraLATA service that applicant seeks to provide.

**Findings of Fact**

1. Applicant served a copy of the application upon 364 telephone corporations with which it is likely to compete.

2. A notice of the filing of the application appeared in the Commission's Daily Calendar on July 26, 1996.

3. No protests have been filed.

4. A hearing is not required.

5. By prior Commission decisions, we authorized competition in providing interLATA telecommunications service, but generally barred those offering such service from holding out to the public the provision of intraLATA service.

6. By D.94-09-065, we authorized competitive intraLATA services effective January 1, 1995, for carriers meeting specified criteria.

7. Applicant has demonstrated that it has a minimum of \$25,000 of cash readily available to meet its start-up expenses.

8. Applicant's technical experience consists of five key employees with a combined experience of over years in the telecommunications and customer service business.

9. Applicant has submitted with its application a complete draft of applicant's initial tariff.

10. Since no facilities are to be constructed, it can be seen with certainty that the proposed operation will not have a significant effect upon the environment.

11. The Commission has routinely granted nondominant interexchange carriers, such as applicants, an exemption from Rule 18(b) where no construction is involved to the extent that the rule requires applicant to serve a copy of its application on cities and counties in the proposed service area and to the extent that it requires applicant to provide a conformed copy of all exhibits attached to applicant's filed application to potential competitors.

12. Exemption from the provisions of PU Code §§ 816-830 has been granted to other resellers (See §§ D.86-10-007 and D.88-12-076). The transfer or encumbrance of property of nondominant carriers has been exempted from the requirements of PU Code § 851 whenever such transfer or encumbrance serves to secure debt. (See D.85-11-044).

14. Applicant submitted a August 22, 1996 letter with information to supplement its application.

**Conclusions of Law**

1. Applicant has the financial ability to provide the proposed service.

2. Applicant has made a reasonable showing of technical expertise in the telecommunications business.

3. Public convenience and necessity require the interLATA and intraLATA services to be offered by applicant.

4. Applicant is subject to the 3.2% surcharge applicable to all intrastate services except for those excluded by D.94-09-065, as modified by D.95-02-050, to fund the Universal Lifeline Telephone Service (PU Code § 79, Resolution T-15799, November 21, 1995);

b. The current 0.36% surcharge applicable to all intrastate services except for those excluded by D.94-09-065, as modified by D.95-02-050, to fund the California (Relay Service and Communications Devices Fund (PU Code § 2881; Resolution T-15801, October 5, 1995);

c. The user fee provided in PU Code §§ (431-435), which is 0.11% of gross intrastate revenue for the 1996-1997 fiscal year (Resolution M-4782); and,

d. The current 0.27% surcharge applicable to all intrastate services except for those excluded by D.94-09-065; as modified by D.95-02-050, to fund the California High Cost Fund (PU Code § 739.30; Resolution T-15826, December 20, 1995).

5. Applicant should be exempted from Rule 18(b)'s requirement of service of the application on cities and counties in the proposed service area and service of all exhibits attached to this application on potential competitors.

6. Applicant should be exempted from PU Code §§ 816-830.

7. Applicant should be exempted from PU Code § 851 when the transfer or encumbrance serves to secure debt.

8. The application should be granted to the extent set forth below.

9. Applicant's August 22, 1996, letter with supplemental information should be accepted as supplemental filing to the application.

10. Because of the public interest in competitive interLATA and intraLATA services, the following order should be effective immediately.

Inclusion of FCC-approved rates for interstate services in California public utilities tariff schedules shall become effective on one (1) day's notice.

**IT IS ORDERED** that:

1. A certificate of public convenience and necessity is granted to Group Long Distance, Inc. (applicant) to operate as a reseller of the interLocal Access and Transport Area (interLATA), and to the extent authorized by Decision (D) 94-09-065, intraLocal Access and Transport Area (intraLATA) telecommunication service offered by communication common carriers in California.

2. Applicant shall file a written acceptance of the certificate granted in this proceeding to the Commission's Telecommunications Division for placement in the formal file of this proceeding.

3. a. Applicant is authorized to file with this Commission tariff schedules for the provision of interLATA and intraLATA services. Applicant may not offer interLATA or intraLATA services until tariffs are on file. Applicant's initial filing shall be made in accordance with General Order (GO) 96-A, excluding Sections IV, V, and VI, and shall be effective not less than 1 day after filing. Applicant shall comply with the provisions of its tariffs,

5. All NDIECs are hereby placed on notice that their California tariff filings will be processed in accordance with the following effectiveness schedule:

- "a. Inclusion of FCC-approved rates for interstate services in California public utilities tariff schedules shall become effective on one (1) day's notice.

"b. Uniform rate reductions for existing services shall become effective on five (5) days' notice.

"c. Uniform rate increases, except for minor rate increases, for existing services shall become effective on thirty (30) days' notice, and shall require bill inserts, a message on the bill itself, or first class mail notice to customers of the pending increased rates.

"d. Uniform minor rate increases, as defined in D.90-11-029, for existing services shall become effective on not less than 5 working days' notice. Customer notifications is not required for such minor rate increases.

"e. Advice letter filings for new services and for all other types of tariff revisions, except changes in text not affecting rates or relocations of text in the tariff schedules, shall become effective on forty (40) days' notice.

"f. Advice letter filings merely revising the text or location of text material which do not cause an increase in any rate or charge shall become effective on not less than five (5) days' notice."

4. Applicant may deviate from the following provisions of GO.96-A.100 (a) paragraph II.C.(1)(b) which requires consecutive sheet numbering and prohibits the reuse of sheet numbers; and (b) paragraph II.C.(4) which requires that a separate sheet or series of sheets should be used for each rule. Tariff filings incorporating these deviations shall be subject to the approval of the Commission's Telecommunications Division. Tariff filings shall reflect all fees and surcharges to which applicant is subject, as reflected in Conclusion of Law 4.

5. Applicant shall file as part of its initial tariff, after the effective date of this order and consistent with Ordering Paragraph 3, a service area map.

6. Prior to initiating service, applicant shall provide the Commission's Consumer Services Division with the applicant's designated contact person(s) for purposes of resolving consumer complaints and the corresponding telephone number.
