ORIGINAL

O P I N I O N

In this proceeding, Decision (D.) 92-04-044 approved an agreement for gas service between Southern California Gas Company (SoCalGas) and the California Correctional Institute at Tehachapi. Following issuance of D.92-04-044, SoCalGas filed a petition to modify the order asking for clarification regarding the proper method for calculating the contribution to margin. The Division of Ratepayers Advocates filed a timely protest to the petition supporting the text of D.92-04-044.

Subsequent Commission decisions have clarified procedures and methods for approving gas contracts between SoCalGas and its customers. We therefore deny the pending petition to modify D.92-04-044 and close this proceeding.

Finding of Fact

The issues raised in SoCalGas' petition to modify D.92-04-044 have been addressed in other proceedings.

Conclusion of Law

The Commission should deny the petition to modify D.92-04-044 filed by SoCalGas.

O R D E R

IT IS ORDERED that:

1. Southern California Gas Company's petition to modify Decision 92-04-044 is denied.

2. This proceeding is closed.

This order is effective today.

Dated May 21, 1997, at Sacramento, California.
