O P I N I O N

In these consolidated proceedings, parties have filed numerous petitions to modify Commission decisions. The subjects of many of those petitions to modify have been addressed in previous decisions in this docket or other forums, or have been resolved by superseding events. Other petitions to modify are no longer timely or raise issues the Commission declines to address with specificity. Accordingly, the Commission denies the outstanding petitions to modify. In cases where such petitions to modify raise issues related to those addressed in Pacific Gas and Electric Company's "Gas Accord" filed in these and other dockets, the Commission intends to resolve such issues when it addresses the Gas Accord.

Finding of Fact

The subjects of pending petitions for modification of Commission decisions issued in this docket have been or may be addressed in other forums or have been resolved by superseding events.
