BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Joint Application of Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company, the Southern California Utility Power Pool and the Imperial Irrigation District for Modification of Resolution G-3072.

Application 93-08-016
(Filed August 9, 1993)

OPINION

Summary

Because the subject matter of the petition was time-sensitive and its time has passed, we dismiss the petition as moot.

Discussion

On August 9, 1993, Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company, the Southern California Utility Power Pool, and the Imperial Irrigation District petitioned the Commission for modification of Resolution G-3072. The petition for modification sought to compel Southern California Gas (SoCalGas) to use an accounting mechanism to accurately determine the appropriate refunds to be made after SoCalGas' next cost allocation proceeding.

In Decision (D.) 94-01-048 issued January 19, 1994, we withdrew Resolution G-3072 and consolidated related issues with SoCalGas' Biennial Cost Allocation Proceeding (BCAP), Application 93-09-048. While Resolution G-3072 was reinstated in D.95-07-012, the BCAP decision, D.94-12-052, had already made moot the instant petition because the petition sought an interim accounting mechanism for the period prior to the BCAP decision.

Finding of Fact

The petition to modify Resolution G-3072 filed on August 9, 1993 was rendered moot by D.94-12-052.

Conclusion of Law

Application 93-08-016 should be closed.
