

Decision 98-08-024 August 6, 1998

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

In the matter of the application of Armando Nava dba Transportes Nava for authority to operate as a Passenger Stage between points in the Los Angeles County and San Diego County.

**ORIGINAL**

Application 98-03-041  
(Filed March 26, 1998)

**OPINION**

**Summary**

Armando Nava (applicant), an individual, doing business as Transportes Nava, requests authority under Public Utilities (PU) Code § 1031 *et seq.* to establish and operate a passenger stage corporation to transport passengers and their baggage between points in the City of Lynwood (Los Angeles County) and the community of San Ysidro in the City of San Diego.

**Discussion**

In his letter of June 11, 1998, applicant clarified his application that he proposes to operate a daily scheduled service, 7 days per week. He plans to make two round trips each day, departing first from Lynwood at 7 a.m. The proposed adult one-way fare is \$11. The proposed fare is reasonable. Applicant projects: revenue of \$248,200; expenses of \$169,725; and operating income of \$62,139.

Notice of filing of the application appeared in the Commission's Daily Calendar on March 30, 1998. In his letter of June 17, 1998, applicant notified the affected cities and the Customs Office of the Federal Government.

In Resolution ALJ 176-2990 dated April 9, 1998, the Commission preliminarily categorized this application as ratesetting, and preliminarily

determined that hearings were not necessary. No protests have been received. The Commission's Rail Safety and Carriers Division recommends that this application be granted. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-2990.

**Findings of Fact**

1. Applicant requests authority, as amended by letters of June 11 and 17, 1998, to operate a scheduled service to transport passengers between San Ysidro and Lynwood.
2. Public convenience and necessity require the proposed service.
3. No protests to the application have been filed.
4. A public hearing is not necessary.
5. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

**Conclusions of Law**

1. The application should be granted.
2. Public convenience and necessity have been demonstrated and the application should be granted.
3. Since the matter is uncontested, the decision should be effective on the date it is signed.

Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.

**O R D E R**

**IT IS ORDERED that:**

1. A certificate of public convenience and necessity is granted to Armando Nava (applicant), an individual, authorizing him to operate as a passenger stage corporation, as defined in Public Utilities (PU) Code § 226, to transport persons and their baggage, between the points and over the route set forth in Appendix PSC-10846, subject to the conditions contained in the following paragraphs.

2. Applicant shall:

- a. File a written acceptance of this certificate within 30 days after this order is effective.
- b. Establish the authorized service and file tariffs and timetables within 120 days after this order is effective.
- c. State in the tariffs and timetables when service will start; allow at least 10 days' notice to the Commission; and make timetables and tariffs effective 10 or more days after this order is effective.
- d. Comply with General Orders Series 101, 104, and 158, and the California Highway Patrol (CHP) safety rules.
- e. Comply with the controlled substance and alcohol testing certification program pursuant to PU Code § 1032.1 and General Order Series 158.
- f. Maintain accounting records in conformity with the Uniform System of Accounts.
- g. Remit to the Commission the Transportation Reimbursement Fee required by PU Code § 403 when notified by mail to do so.
- h. Comply with PU Code §§ 460.7 and 1043, relating to the Workers' Compensation laws of this state.
- i. Enroll all drivers in the pull notice system as required by Section 1808.1 of the Vehicle Code.

3. Before beginning service to any airport, applicant shall notify the airport's governing body. Applicant shall not operate into or on airport property unless such operations are also authorized by the airport's governing body.

4. Applicant is authorized to begin operations on the date that the Rail Safety and Carriers Division mails a notice to applicant that his evidence of insurance and other documents required by Ordering Paragraph 2 have been filed with the Commission and that the CHP has approved the use of applicant's vehicles for service.

5. The certificate of public convenience and necessity to operate as a passenger stage corporation (PSC-10846), granted herein, expires, unless exercised within 120 days after the effective date of this order.

6. The application, as amended by letters of June 11 and 17, 1998, is granted as set forth above.

7. This proceeding is closed.

This order is effective today.

Dated August 6, 1998, at San Francisco, California.
