Decision 98-09-010 September 3, 1998

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

In the Matter of the Application of Abdul-Wahhab Abdullah, doing business as Quick Shuttle Service for authority to operate as a passenger stage corporation between points in San Francisco, Alameda and Contra Costa Counties and the San Francisco, Oakland and San Jose International Airports, and to establish a Zone of Rate Freedom.

**ORIGINAL**

Application 97-12-015  
(Filed December 9, 1997)

**OPINION**

**Summary**

Abdul-Wahhab Abdullah (applicant), an individual, doing business as Quick Shuttle Service, requests authority under Public Utilities (PU) Code § 1031 et seq. to establish and operate a passenger stage corporation to transport passengers and their baggage between points in the Counties of San Francisco, Alameda, and Contra Costa, on the one hand, and San Francisco (SFO), Oakland (OAK), and San Jose (SJC) International Airports, on the other hand, and to establish a Zone of Rate Freedom (ZORF) pursuant to PU Code § 454.2.

**Discussion**

Applicant proposes to operate an on-call door-to-door passenger stage service 24-hours per day, 7 days per week. The equipment for the proposed service will initially consist of two vans. Applicant indicates that additional equipment will be obtained as needed after the authority is granted to meet the public's requirements.

Exhibit F, attached to the application, is the unaudited Balance Sheet as of November 1, 1997, that discloses: cash on hand, \$27,000; office equipment,

\$3,000; personal property, \$20,300; vehicles, \$7,000; or total assets of \$57,300. There is no provision for depreciation. Liabilities consist of notes payable, \$15,000. Net worth is \$42,300.

Applicant also requests authority to establish a ZORF of \$6 above and below the proposed fares shown in Exhibit C, attached to the application. The staff is of the opinion that the establishment of the ZORF is fair and reasonable.

Applicant will compete with other passenger stage corporations, taxi cabs, limousines, buses, and automobiles in his service area.

Notice of filing of the application appeared in the Commission's Daily Calendar on December 11, 1997. The applicant notified the affected airports and cities. No protests have been received. The Commission's Rail Safety and Carriers Division staff recommends that this application be granted.

#### **Findings of Fact**

1. Applicant requests authority to operate an on-call passenger stage corporation between points in the Counties of San Francisco, Alameda, and Contra Costa, on the one hand, and SFO, OAK and SJC airports, on the other hand.
2. Public convenience and necessity require the proposed service.
3. Applicant requests authority to establish a ZORF of \$6 above and below the proposed fares, as shown in Exhibit C, attached to the application. The ZORF is fair and reasonable.
4. Applicant will compete with passenger stage corporations, taxi cabs, limousines, buses, and automobiles in his operations.
5. No protests to the application have been filed.
6. A public hearing is not necessary.
7. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

**Conclusions of Law**

1. The application should be granted.
2. Public convenience and necessity have been demonstrated and the application should be granted.
3. The request for the ZORF should be granted.
4. Before applicant changes any fares under the ZORF authorized below, applicant shall give this Commission at least 10 days' notice.
5. The filing of ZORF fares should be shown in the tariff indicating the high and low ends of the ZORF, between each pair of service points, and the then currently effective fare.
6. Since the matter is uncontested, the decision should be effective on the date it is signed.

Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
