

Decision 00-01-029

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Pacific Centrex Services, LLC, a California Limited Liability Company, for a Certificate of Public Convenience and Necessity to Provide InterLATA and IntraLATA Telecommunications Service in California as a Switchless Reseller.

Application 98-05-048
(Filed May 15, 1998)

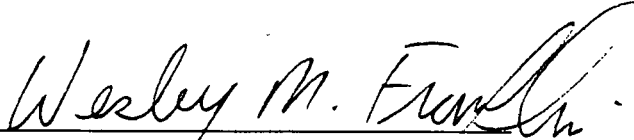

ORDER OF DISMISSAL

Pacific Centrex Services, LLC, a California Limited Liability Company, filed for a Certificate of Public Convenience and Necessity (CPCN) to provide interLATA and intraLATA telecommunications services in California as a switchless reseller in Application (A.) 98-04-045, and authority was granted in Decision 98-06-003.

The company filed a second time for the same authority in A.98-05-048. The latter application has been inadvertently left open until the administrative error was discovered. The company informed the Telecommunications Division staff that it did not intend to obtain a second CPCN.

Therefore, upon verbal request of applicant, Application 98-05-048 is dismissed under Public Utilities Code Section 308 and Resolution A-4638, effective today.

Dated January 10, 2000, at San Francisco, California.
