BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Cynthia A. McKean (homeowner representing
tenants of El Portal M.H.P.),

Complainants,

vs.

El Portal Mobile Estates/Evans Management
Services,

Defendants.

Case 99-02-030
(Filed February 23, 1999)

FINAL OPINION

Summary

This decision resolves the complaint of Cynthia A. McKean (McKean) against El Portal Mobile Estates and Evans Management Services (defendants). In this decision, we consider the Settlement Agreement presented to us by McKean and defendants (hereinafter collectively "Settling Parties"). We approve the Settlement Agreement as being reasonable in light of the whole record, consistent with the law, and in the public interest.

Background

McKean resides as a tenant at a mobile home park operated by the defendants. In the early 1990s, the owner of El Portal Mobilehome Park upgraded the electrical system, including replacing its street lighting system and electrical pedestals. The total cost was \$124,275.24. Following the installation of

the electrical improvements, the costs were passed through to the residents under the Sonoma County Mobilehome Park Rent Control Ordinance.¹ The monthly pass-through totaled \$3.07 per month for 27-½ years. The complaint alleges that defendants have inappropriately charged McKean and other tenants for these electric infrastructure costs.

Procedural History

McKean filed this complaint on February 23, 1999.

A prehearing conference (PHC) in this matter was held on May 28, 1999. At the PHC, the Settling Parties informed the assigned administrative law judge (ALJ) that a Settlement Agreement had been reached and the Settling Parties outlined the terms of the Settlement Agreement at the PHC. At the PHC, ALJ DeUlloa raised a concern about notice to the other tenants of the mobilehome park and an opportunity for such tenants to comment on the Settlement Agreement. In response, the Settling Parties agreed to follow the Commission's Rules of Practice and Procedure (Rules) for settlements and submit a motion for adoption of settlement pursuant to Article 13.5 of the Commission's Rules.

On November 24, 1999, approximately six months after the PHC, the ALJ issued a ruling indicating that the Commission might dismiss this matter for lack of prosecution. On December 17, 1999, the Settling Parties filed a Motion To Adopt Settlement Agreement. In the February 1, 2000, rent billing for each

¹ The settlement agreement makes reference to the "Santa Rosa Mobilehome Park Rent Control Ordinance." In a letter dated January 27, 2000, counsel for defendants explains that the correct reference should be to the "Sonoma County Mobilehome Park Rent Control Ordinance." The notice to the residents of El Portal Mobilehome Park contained a correct reference to the "Sonoma County Mobilehome Park Rent Control Ordinance."

resident of El Portal Mobilehome Park, defendants included a Notice Of Motion To Adopt Proposed Settlement Agreement. On February 3, 2000, the Commission issued an order, Decision (D.) 00-02-019, extending the statutory deadline for resolving this case. This matter was submitted on December 17, 1999.

Terms of Settlement

The Settlement Agreement is attached to this decision as Appendix A. Below we describe the major substantive provisions of the Settlement Agreement.

The Settling Parties agree that the disputed pass through for capital improvements to the Park's electric system originally totaled \$124,275.24. Further these charges were to be amortized over a 27-½ year period beginning in August 1992. Additionally, the Settling Parties agree that of this total, capital improvements to the Park relating to the Park's overhead street lighting system equal approximately \$30,000 and that the capital improvements relating to the Park's electric pedestal system equal approximately \$30,000. The Settling Parties also stipulate that the overhead lighting and pedestal replacement capital improvements are legitimate capital pass though items.

In order to avoid substantial time and expense in litigating claims asserted between themselves, the Settling Parties have agreed to resolve all past, present and future capital improvement pass throughs relating to the original \$124,275.24 by allowing the defendants to continue to collect the compromised amount of \$45,000. At the time the defendants have collected \$45,000, the parkowner will immediately cease collecting any other amounts associated with the \$124,275.24. Attached to the Settlement Agreement is a spreadsheet showing

the space-by-space collection of the monthly rent increase associated with the \$124,275.24 capital improvement pass through.

The Settlement Agreement between the parties reflects a compromise of disputed claims and does not constitute an admission of liability by any of the Settling Parties.

Discussion

Rule 51.1(e) provides that the Commission must find a settlement "reasonable in light of the whole record, consistent with the law, and in the public interest" in order to approve the settlement. These criteria apply to the settlement before us.

Settling parties have tendered an "uncontested settlement" as defined in Rule 51(f), *i.e.*, a settlement that "...is not contested by any party to the proceeding within the comment period after service of the [] settlement on all parties to the proceeding."

In *San Diego Gas & Electric* (1992) 46 CPUC2d 538, the Commission further defined its policy as applicable to all party settlement proposals. As a precondition to approval the Commission must be satisfied that:

- a. the proposed all party settlement commands the unanimous sponsorship of all active parties to the instant proceeding;
- b. the sponsoring parties are fairly reflective of the affected interests;
- c. no term of the settlement contravenes statutory provisions or prior Commission decisions; and,
- d. the settlement conveys to the Commission sufficient information to permit it to discharge its future regulatory obligations with respect to the parties and their interests.

The proposed Settlement Agreement is tendered pursuant to Rule 51, and the Settling Parties aver that it conforms to all the above criteria and is an acknowledged compromise.

The proposed Settlement Agreement commands the unanimous sponsorship of all active parties to the instant proceeding. Further, McKean, a tenant of the El Portal Mobile Estates, and defendant, the mobilehome park owner and management company, are reflective of the affected interests. Moreover, the settlement does not contravene statutory provisions or prior Commission decisions; rather, the Settlement Agreement purports to bring the rates charged by defendants into compliance with Commission decisions controlling proper costs that may be passed through to tenants of mobilehome parks. When examined as a total product, we find it to be reasonable in light of the whole record, consistent with law, and in the public interest.

Need for Hearing

This matter was categorized as an adjudicatory proceeding and the instructions to answer indicated that an evidentiary hearing was needed. In this proceeding, the Settling Parties reached consensus stipulation that resolved all the contested facts. Thus, no factual dispute exists that requires an evidentiary hearing and we change the prior determination that an evidentiary hearing is required.

Comments on Draft Decision

The draft decision of the ALJ in this matter was mailed to the parties in accordance with Pub. Util. Code § 311(g) and Rule 77.1 of the Rules of Practice and Procedure. No comments were filed.

Findings of Fact

1. The proposed Settlement Agreement resolves a dispute related to charges imposed on the tenants of El Portal Mobilehome Park for electrical infrastructure improvements made to El Portal Mobilehome Park.
2. The total amount of disputed charges is \$124,275.24.
3. On December 17, 1999, Cynthia A. McKean, the complainant, and El Portal Mobile Estates and Evans Management Services, the defendants, filed a joint motion seeking Commission approval of a proposed Settlement Agreement resolving the issues in this proceeding.
4. No party or resident of El Portal Mobile Estates has registered any opposition to the Settlement Agreement.

Conclusions of Law

1. The proposed Settlement Agreement is an "uncontested Settlement Agreement" as defined in Rule 51(f).
2. The proposed Settlement Agreement is reasonable in light of the whole record, consistent with law, and in the public interest.
3. The proposed Settlement Agreement should be approved.
4. No evidentiary hearing is required in this matter.
5. This order should be effective today, so that the Settlement Agreement may be implemented expeditiously.

FINAL ORDER

IT IS ORDERED that:

1. The motion of Cynthia A. McKean, El Portal Mobile Estates and Evans Management Services for Adoption of Settlement, filed on December 17, 1999, and set forth in Appendix A, is granted.

2. El Portal Mobile Estates is authorized to recover the amount of revenues set forth in the Settlement Agreement.
3. Case 99-02-030 is closed.

This order is effective today.
