

Decision 00-06-024 June 8, 2000

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

In the Matter of the Application of Arman Mehrani, doing business as Metro Shuttle for authority to operate as a passenger stage corporation between points in San Francisco, San Mateo, Alameda, and Santa Clara Counties and the San Francisco, San Jose and Oakland International Airports and to Establish a Zone of Rate Freedom.

Application 00-03-053  
(Filed March 31, 2000)

**OPINION****Summary**

This decision grants the application of Arman Mehrani (Applicant), an individual, pursuant to Pub. Util. Code § 1031 *et seq.*, for a certificate of public convenience and necessity to operate as a passenger stage corporation (PSC), as defined in Pub. Util. Code § 226, and to establish a Zone of Rate Freedom (ZORF) pursuant to Pub. Util. Code § 454.2.

**Discussion**

Applicant requests authority to operate as an on-call PSC to transport passengers and their baggage between points in the counties of San Francisco, San Mateo, Alameda, and Santa Clara, on the one hand, and San Francisco (SFO), San Jose (SJC), and Oakland (OAK) International Airports, on the other hand. Applicant will use a van presently registered under his charter-party permit, TCP-12900-P. The proposed fares, as listed in Exhibit C, range between \$12 (SJC) and \$80 (Half Moon Bay – SFO). Exhibit E to the application is the unaudited Balance Sheet as of March 10, 2000, that discloses total assets of \$171,000; total liabilities of \$5,000; and net worth of \$166,000.

Applicant also requests authority to establish a ZORF of \$10 above and below any of the proposed fares of \$20 and under, and \$15 above and below the proposed fares above \$20, shown in Exhibit C, attached to the application. The minimum one-way adult fare is \$5. Applicant will compete with other PSCs, taxi cabs, limousines, buses, and automobiles in his service area. The establishment of the ZORF is fair and reasonable.

Notice of filing of the application appeared in the Commission's Daily Calendar on April 5, 2000. Applicant notified the affected airports and transit agencies. Applicant requests a waiver from the provisions of Rule 21 of the Commission's Rules of Practice and Procedure which require service of a notice of the application on all city and county officials within whose boundaries the passengers will be loaded or unloaded. Applicant served a notice to the four involved counties and 13 cities in the service area. Applicant said that all parties that have an interest in Commission proceedings subscribe to or have access to the Commission's Daily Calendar. We shall exercise the discretion accorded to us by Rule 87 and grant the waiver requested by Applicant because he will be providing on-call service, not scheduled service.

In Resolution ALJ 176-3036 dated April 6, 2000, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protests have been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3036.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

**Findings of Fact**

1. Applicant requests authority to operate as an on-call PSC to transport passengers and their baggage between points in the counties of San Francisco, San Mateo, Alameda, and Santa Clara, on the one hand, and SFO, SJC, and OAK, on the other hand.

2. Public convenience and necessity require the proposed service.

3. Applicant requests authority to establish a ZORF of \$10 above and below any of the proposed fares of \$20 and under, and \$15 above and below the proposed fares above \$20, shown in Exhibit C, attached to the application. The minimum one-way adult fare is \$5.

4. Applicant will compete with PSCs, taxi cabs, limousines, buses, and automobiles in his operations. The ZORF is fair and reasonable.

5. No protests to the application have been filed.

6. A public hearing is not necessary.

7. Applicant requests a waiver of the notice requirements of Rule 21 of the Rules of Practice and Procedure as he has served notice to thirteen cities, each of the affected airports, counties, and public transit operators, and the transportation planning agency in the service area.

8. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

**Conclusions of Law**

1. Public convenience and necessity has been demonstrated and the application should be granted.

2. The request for a ZORF should be granted.

3. Before Applicant changes any fares under the ZORF authorized below, Applicant shall give this Commission at least 10 days' notice. The filing of ZORF

fares should be shown in the tariff showing between each pair of service points the high and low ends of the ZORF and the then currently effective fare.

4. The request to waive the notice requirements of Rule 21 should be granted.

5. Since the matter is uncontested, the decision should be effective on the date it is signed.

Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
