

Decision 99-02-010 February 4, 1999

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

In the Matter of the Application of Angelito N. David, doing business as BABES Airporter for authority to operate as a passenger stage corporation between points in San Francisco, San Mateo, Alameda and Contra Costa Counties and the San Francisco, Oakland and San Jose International Airports, and to establish a Zone of Rate Freedom.

Application 98-08-007  
(Filed August 10, 1998)

**OPINION**

**Summary**

Angelito N. David (applicant), doing business as BABES Airporter, requests authority under Public Utilities (PU) Code § 1031 et seq. to establish and operate a passenger stage corporation to transport passengers and their baggage between points in the Counties of San Francisco, San Mateo, Alameda, and Contra Costa, on the one hand, and the International Airports of San Francisco (SFO), Oakland (OAK) and San Jose (SJC), on the other hand, and to establish a Zone of Rate Freedom (ZORF) pursuant to PU Code § 454.2.

**Discussion**

Applicant proposes to operate an on-call door-to-door passenger stage service 24-hours per day, 7 days per week and will require three hours advance notice to insure timely service. The equipment for the proposed service will initially consist of four vehicles. Applicant indicates that additional equipment will be obtained as needed after the authority is granted to meet the public's requirements.

Exhibit E, attached to the application, is the unaudited Balance Sheet as of July 1, 1998, that discloses: cash on hand, \$10,000; real estate, \$170,000; vehicles, \$45,000, personal property, \$100,000; investments, \$95,000; or total assets of \$420,000. There is no provision for depreciation. Liabilities consist of a promissory note, \$145,000; auto loans, \$22,000; miscellaneous debts, \$2,000; or total liabilities of \$169,000. Net worth is \$251,000.

Applicant also requests authority to establish a ZORF of \$8 above and below any fares lower than \$21 and \$12 above and below any fares \$21 or higher, as shown in Exhibit C. The staff is of the opinion that the establishment of the ZORF is fair and reasonable.

Applicant will compete with other passenger stage corporations, taxi cabs, limousines, buses, and automobiles in his service area.

Notice of filing of the application appeared in the Commission's Daily Calendar on August 12, 1998. Applicant notified the affected airports. The applicant, through his counsel's letter of October 8, 1998, requests a waiver from Rules 21 and 24 of the Commission's Rules of Practice and Procedure which require service of a notice of the application on all city and county governmental entities within whose boundaries the passengers will be loaded or unloaded. Applicant said that he has served a notice to each sizeable city, transit agency, and regional planning agency and that all parties that have an interest in Commission proceedings subscribe to or have access to the Commission's Daily Calendar.

In Resolution ALJ 176-2999 dated September 3, 1998, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protests have been received. The Commission's Rail Safety and Carriers Division recommends that this application be granted. Given this status, public hearing is not necessary, and it

is not necessary to alter the preliminary determinations made in Resolution ALJ 176-2999.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to PU Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

### **Findings of Fact**

1. Applicant requests authority to operate an on-call passenger stage corporation between points in the Counties of San Francisco, San Mateo, Alameda, and Contra Costa, on the one hand, and SFO, OAK and SJC airports, on the other hand.

2. Public convenience and necessity require the proposed service.

3. Applicant requests authority to establish a ZORF of \$8 above and below any fares lower than \$21, and \$12 above and below any fares \$21 or higher, as shown in Exhibit C, attached to the application.

4. Applicant will compete with passenger stage corporations, taxi cabs, limousines, buses, and automobiles in its operations.

5. Applicant requests a waiver of Rules 21 and 24 as he has served notice to each sizeable city, transit agency, and transportation planning agency.

6. No protests to the application have been filed.

7. A public hearing is not necessary.

8. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

### **Conclusions of Law**

1. The application should be granted.

2. Public convenience and necessity have been demonstrated and the application should be granted.

3. The request for a ZORF should be granted.

4. Before applicant changes any fares under the ZORF authorized below, applicant shall give this Commission at least 10 days' notice.

5. The filing of ZORF fares should be shown in the tariff showing between each pair of service points the high and low ends of the ZORF and the then currently effective fare.

6. The request to waive Rules 21 and 24 should be granted.

7. Since the matter is uncontested, the decision should be effective on the date it is signed.

Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
