In the Matter of the Application of Arthur F. Baisley, doing business as Arthur's Airport Transportation for a certificate of public convenience and necessity to operate as an irregular route, on-call passenger stage corporation between points in the Counties of Nevada, Placer, Sutter and Yuba, on the one hand, and the Sacramento International Airport on the other hand, pursuant to the provisions of § 1031 et seq., of the Public Utilities Code.

Application 99-03-033
(Filed March 18, 1999)

O P I N I O N

Summary

This decision grants the application of Arthur F. Baisley (applicant), an individual, doing business as Arthur's Airport Transportation, for a certificate of public convenience and necessity to operate as an on-call passenger stage corporation pursuant to Pub. Util. Code § 1031 et seq.

Discussion

Applicant proposes to transport passengers and their baggage between points in the counties of Nevada, Placer, Sutter, and Yuba, on the one hand, and Sacramento International Airport (SAC), on the other hand. The principal cities and points the applicant intends to serve are: Nevada City, Grass Valley, Colfax, Auburn, Marysville, Yuba City, and Beale Air Force Base. Applicant presently uses two vehicles under his charter party authority (TCP-11153-P). These vehicles will also be used in his passenger stage operations. The proposed

one-way fare between the principal cities and points in the service territory is \$47.50.

Exhibit 3 to the application is the unaudited Balance Sheet as of January 31, 1999, that discloses: total assets of \$20,500; total liabilities of \$6,500; and net worth in the amount of \$14,000.

Notice of filing of the application appeared in the Commission's Daily Calendar on March 22, 1999. The applicant notified the affected cities and transit agencies.

In Resolution ALJ 176-3013 dated April 1, 1999, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protests have been received. The Commission's Rail Safety and Carriers Division recommends that this application be granted. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3013.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311 (g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Findings of Fact

1. Applicant requests authority to operate as an on-call passenger stage corporation to transport passengers and their baggage between points in the counties of Nevada, Placer, Sutter, and Yuba, on the one hand, and SAC, on the other hand.
2. Public convenience and necessity requires the proposed service.
3. No protests to the application have been filed.
4. A public hearing is not necessary.

5. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. Public convenience and necessity have been demonstrated and the application should be granted.

2. Since the matter is uncontested, the decision should be effective on the date it is signed.

Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
