**ORDER CORRECTING ERROR IN
DECISION 99-06-083**

This order corrects an error which inadvertently appears in D.99-06-083, regarding the approval of Commission's certificates of public convenience and necessity (CPCN) for competitive local carriers (CLCs) pursuant to Resolution A-4661.

Summary of Corrections

The correction relates to Appendix B of the order which sets forth the summary of CLC petitioners and authority granted to each. The errors to be corrected are enumerated below, and the amended version of Appendix B providing the corrected information is appended to this order.

The decision indicated the authority granted to each CLC with an "x" notation in the appropriate column. The decision granted US Data Highway Corp. (USDH) only facilities-based authority, but inadvertently omitted CLC resale authority even though USDH had requested such resale authority. Accordingly, in the amended Appendix B, USDH is granted resale authority.

IT IS ORDERED that:

1. Decision (D.) 99-06-083 is amended to incorporate the revised Appendix B attached to this order, which corrects information for US Data Highway Corp.
2. The revised Appendix B shall supersede the previous version issued as part of Appendix B of D.99-06-083.

This order is effective today.

Dated August 19, 1999, at San Francisco, California.
