

Decision 99-12-014 December 2, 1999

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Abdul Rahim Popal, doing business as Bay Transit Shuttle Inc. for authority to operate as a passenger stage corporation between points in San Francisco, Alameda, and Contra Costa Counties and the San Francisco, and Oakland International Airports and to Establish a Zone of Rate Freedom.

Application 99-09-009
(Filed September 1, 1999)

O P I N I O N**Summary**

This decision grants the application of Abdul Rahim Popal (Applicant), an individual, pursuant to Pub. Util. Code § 1031 et seq., for a certificate of public convenience and necessity to operate as a passenger stage corporation (PSC), as defined in Pub. Util. Code § 226, and to establish a Zone of Rate Freedom (ZORF) pursuant to Pub. Util. Code § 454.2.

Discussion

Applicant requests authority to operate as an on-call PSC to transport passengers and their baggage between certain points in the counties of San Francisco, Alameda, and Contra Costa, on the one hand, and San Francisco (SFO) and Oakland (OAK) International Airports, on the other hand. Applicant will use one van. The proposed fares, as listed in Exhibit C, range between \$12 (Oakland - OAK) and \$45 (Crockett - SFO). Exhibit D to the application is the unaudited Balance Sheet as of August 16, 1999, that discloses cash of \$40,000; vehicles of \$57,000; real estate of \$200,000; business properties of \$65,000;

investments of \$4,000; personal property of \$25,000; and equipment and tools of \$35,000, or total assets of \$426,000. Net worth is \$426,000.

Applicant also requests authority to establish a ZORF of \$8 above and below the proposed fares, with a minimum one-way adult fare of \$5, shown in Exhibit C, attached to the application. The ZORF is fair and reasonable.

Applicant will compete with other PSCs, taxi cabs, limousines, buses, and automobiles in his service area.

Notice of filing of the application appeared in the Commission's Daily Calendar on September 10, 1999. The applicant notified the affected airports and transit agencies. Applicant requests a waiver from the provisions of Rule 21 of the Commission's Rules of Practice and Procedure which require service of a notice of the application on all city and county officials within whose boundaries the passengers will be loaded or unloaded. Applicant stated that he has served a notice to the three involved counties and ten cities in the service area and that all parties that have an interest in Commission proceedings subscribe to or have access to the Commission's Daily Calendar. We shall exercise the discretion accorded to us by Rule 87 and grant the waiver requested by Applicant because the Applicant will be providing on-call service, not scheduled service.

In Resolution ALJ 176-3023 dated September 16, 1999, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protests have been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3023.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311 (g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Findings of Fact

1. Applicant requests authority to operate as an on-call PSC to transport passengers and their baggage between points in the counties of San Francisco, Alameda, and Contra Costa, on the one hand, and SFO and OAK, on the other hand.

2. Public convenience and necessity requires the proposed service.

3. Applicant requests authority to establish a ZORF of \$8 above and below the proposed fares, with a minimum one-way adult fare of \$5, as shown in Exhibit C, attached to the application. The ZORF is fair and reasonable.

4. Applicant will compete with PSCs, taxi cabs, limousines, buses, and automobiles in his operations.

5. No protests to the application have been filed.

6. A public hearing is not necessary.

7. Applicant requests a waiver of the notice requirements of Rule 21 of the Rules of Practice and Procedure as he has served notice to ten cities and each of the affected airports, counties, public transit operators and the transportation planning agency in the service area.

8. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. Public convenience and necessity has been demonstrated and the application should be granted.

2. The request for a ZORF should be granted.

3. Before applicant changes any fares under the ZORF authorized below, applicant shall give this Commission at least 10 days' notice. The filing of ZORF fares should be shown in the tariff showing between each pair of service points the high and low ends of the ZORF and the then currently effective fare.

4. The request to waive the notice requirements of Rule 21 should be granted.
5. Since the matter is uncontested, the decision should be effective on the date it is signed.

Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
