Energy Branch

RESOLUTION E-2073
March 5, 1986

RESOLUTION

ORDER AUTHORIZING SAN DIEGO GAS AND ELECTRIC COMPANY (SDG&E) TO IMPLEMENT A SPECIAL CONTRACT COVERING A STANDBY SERVICE AGREEMENT WITH THE UNIVERSITY OF SAN DIEGO (USD)

By Advice Letter 660-E, filed January 17, 1986, San Diego Gas and Electric Company, (SDG&E), requests authorization to implement a Special Contract covering a Standby Service Agreement. The facts are as follows:

1. SDG&E has filed a signed Special Contract covering a Standby Service Agreement dated March 18, 1985, between SDG&E and the University of San Diego (USD), identified as Special Contract 239.
2. The Standby Service Agreement between SDG&E and USD will allow USD to receive standby service for power which will normally be supplied from a cogeneration facility owned and operated by Hawthorne Engine Systems as third party. SDG&E has already executed a Standard Offer for Power Purchase and Interconnection with an As-Available Qualifying Facility with Hawthorne Systems.
3. Operation of the facility will be in accordance with the terms and conditions of Hawthorne Engine Systems interconnection and power purchase agreement and with SDG&E's Electric Department Rule 21, Customer-Owned Generation--Qualified Facilities.
4. The Standby Service Agreement along with the standard offer previously executed with Hawthorne Engine Systems, allows for interconnection with a 1050 kw cogeneration system on the USD campus in San Diego.
5. A separate agreement for standby service is required because SDG&E's existing Schedule S, Standby Service, is not applicable to customers who do not own and operate the qualifying facility providing primary service. By this Standby Service Agreement,

SDG&E will provide standby service under the same general terms and conditions, and at the same rates specified in its currently effective tariff Schedule S until such time as an applicable tariff is developed.

6. This contract shall at all times be subject to such changes and modifications as the Public Utilities Commission of the State of California as said Commission may from time to time, direct in the exercise of its jurisdiction.
7. This Agreement will not increase any rate or charge, cause the withdrawal of service nor conflict with any rule or schedule, and will not be a burden on ratepayers.
8. Public notification of this filing has been made by mailing copies of the advice letter to other utilities and to governmental agencies. The Commission staff has received no protests in this matter.
9. The Energy Branch of the Evaluation and Compliance Division has reviewed this filing and recommends its approval.
10. We find that Special Contract 239 contained herein is just and reasonable.

THEREFORE;

1. San Diego Gas and Electric Company is authorized by Section 491 of the Public Utilities Code and Section X.A. of General Order 96-A to place this Standby Service Agreement with the University of San Diego into effect today.
2. The above advice letter and Agreement with their accompanying tariff sheets shall be marked to show that they were acceptable for filing by Commission Resolution No. E-2073. This resolution is effective today.

I certify that this resolution was adopted by the Public Utilities Commission at its regular meeting on March 5, 1986.
The following Commissioners approved it:

Executive Director

DONALD VIAL
President
VICTOR CALVO
PRISCILLA C. GREW
FREDERICK R. DUDA
