Resolution No. ETM-162  
Case No. 8249  
Transportation Division

R E S O L U T I O N

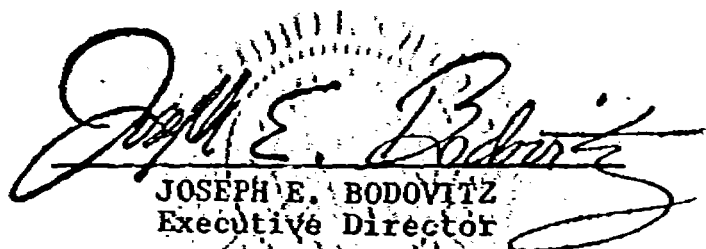

APPORTIONING MAINTENANCE COSTS OF RAILROAD CROSSING  
PROTECTION BETWEEN THE RAILROADS AND CITIES AND  
COUNTIES

The Commission has received requests for apportionment of the cost of maintaining automatic grade crossing protection as shown in Attachment A and finds the proposed maintenance apportionments reasonable.

IT IS ORDERED that the total maintenance costs as reflected by the crossing categories be divided between the railroads and cities and counties as shown in the column headed "Maintenance Apportioned" on Attachment A in connection with each crossing listed. The liability hereby assigned to cities and counties is limited to funds set aside for allocation by the Commission pursuant to Section 1231.1 of the Public Utilities Code.

This resolution is effective today.

I certify that this resolution was adopted by the Public Utilities Commission at its regular meeting on APR 2 1986.
