Energy BranchRESOLUTION G-2719

RESOLUTION

PACIFIC GAS AND ELECTRIC COMPANY (PG&E) GAS DEPARTMENT.
AUTHORIZATION TO INCREASE THE CONSERVATION FINANCING
ADJUSTMENT (CFA) PROVISIONS IN THE UTILITY'S FILED TARIFFS
RESULTING IN A GAS REVENUE INCREASE OF \$949,674 FOR DEBT
SERVICE COSTS FOR THE 1987 ANNUAL PERIOD

By Advice Letter 1394-G, filed January 15, 1987, PG&E has requested authority to file revised CFA rates under the guidelines of Section E of the Preliminary Statement of the Gas Tariffs. The increase for 1987 is set forth on Attachment II. The facts are as follows:

1. This filing is made in accordance with the provisions of Decisions Nos. 93497 and 93891, dated September 1, 1981 and December 30, 1981, respectively, and Resolution E-2068, dated December 4, 1985, which authorized a procedure to adjust annually the CFA Debt Service Rate, including over- and under-collections, in the Debt Service Balancing Account for borrowing by Pacific Conservation Service Company (PCSC), a wholly owned subsidiary of PG&E.
2. The resulting rate revision is an increase of \$0.00015 per therm from \$0.00147/therm to \$0.00162/therm for all gas rates resulting in an annual revenue increase of \$949,674. The derivation of the CFA debt service rate revision and the resulting revenue impacts on gas service rates are shown on Attachment II.
3. The rate design is a uniform cents per therm increase for all gas rates pursuant to the provisions of paragraphs 6, 7, 9, and 11 of Section E of the Preliminary Statement in the gas tariffs.
4. PG&E requests that this rate change become effective 40 days from the date of filing which constitutes regular notice.
5. This filing is similar to Advice Letter No. 1338-G filed December 3, 1985, and approved by Resolution No. G-2662 on February 5, 1986.
6. The Energy Branch has reviewed these filings and supporting workpapers and approval is recommended.

7. Public notification of these filings have been made by mailing copies of the advice letters to other utilities, governmental agencies, and to all interested parties who requested them. The Commission has received no protests in this matter.

8. We find that these rate revisions are just and reasonable and are in conformance with the CFA provisions of the utility's filed tariff schedules.

THEREFORE:

1. Pacific Gas and Electric Company is authorized under Public Utilities Code Section 454 and under the provisions of the utility's CFA procedures to place the above advice letter and supplemental tariff sheets into effect five days after this Resolution is approved by the Commission.

2. The advice letter and tariff sheets shall be marked to show that they were authorized for filing by Commission Resolution G-2719. This Resolution is effective today.

I certify that this Resolution was adopted by the Public Utilities Commission at its regular meeting on March 6, 1987. The following Commissioners approved it.
