In conformity with the findings and order made by the Commission in a resolution entered this day, Special Contract T-157,151-09 with Tamms Western Division is ordered canceled and will not go into effect December 1, 1991.

Special contracts must include evidence of substantial shipper obligation in the contract. To meet this requirement the contract must either provide for the carrier to earn a minimum of \$1,000 per month for delivered transportation services, or the contract must call for substantial shipper obligations not normally provided under common carrier tariff rates by any carrier.

The contract was listed on the Commission's Daily Transportation Calendar on October 21, 1991 and was suspended on November 1, 1991 for 30 days for failure to comply with Rule 6.14 of General Order 147-C.

This order is issued NOV 20 1991, by the Public Utilities Commission of the State of California by the adoption of the Resolution No. OCR-1035 of which this order is a part.
