SUSPEND THE OPERATING AUTHORITY OF PASSENGER
STAGE CORPORATIONS AND CHARTER-PARTY CARRIERS OF
PASSENGER FOR SAFETY VIOLATIONS

WHEREAS: The California Highway Patrol has statutory authority in the area of safety of passenger stage corporations (P. U. Code § 768) and charter-party carriers of passengers (P. U. Code § 5371.1).

WHEREAS: From time to time, the California Highway Patrol reports to us that carriers regulated by this Commission have failed to meet safety inspections and recommends that their authority be suspended, and

WHEREAS: It is necessary for the protection of the public that the Commission act quickly to suspend a carrier's operating authority in such circumstances,

IT IS ORDERED that:

1. The Executive Director is directed to suspend the operating authorities of any passenger stage corporation and/or charter-party carrier of passengers upon written notification from the California Highway Patrol that the carrier has not met CHP safety requirements and CHP recommendation that the carrier's operating authority should be suspended.
2. Each such suspension shall recite that it was issued pursuant to this resolution. Each such suspension when signed by the Executive Director shall be deemed to be the order of the Commission.

3. The Executive Director may reinstate operating authorities which have been suspended pursuant to this resolution upon receipt of written notice from the CHP that the carrier is now full compliance with the CHP safety requirements. The carrier must also present a reinstatement fee of \$50.00. This paragraph is not meant to require reinstatement of operating authorities suspended or subject to suspension for other reasons.
4. After 90 days, any operating authority suspended pursuant to this resolution and not eligible for reinstatement because of lack of CHP clearance shall be revoked by the Executive Director.
