ORDER INSTITUTING RULEMAKING

ORIGINAL

Summary

By this order we institute a rulemaking for the purpose of exempting commercial mobile radio service (CMRS) providers from the reporting requirements of General Orders (GOs) 77-K and 104-A. CMRS includes cellular services, personal communications services, wide-area specialized mobile radio services, and two-way radiotelephone services. Parties may file opening comments by April 10, 1998, and reply comments by April 24, 1998. Pending the outcome of this proceeding, we defer the March 31, 1998 filing requirements of GOs 77-K and 104-A for CMRS providers.

Background

GOs 77-K and 104-A require public utilities, including CMRS providers, to submit the following information to the Commission by March 31st of each year:

GO 77-K: (1) The identity of a utility's employees paid a certain level of compensation during the preceding calendar year and the amount of compensation received by each such person, including any expense reimbursements; (2) payments to attorneys employed by a utility or an affiliate; and (3) dues, donations, subscriptions, and contributions paid by a utility.

GO 104-A: (1) income statement; (2) balance sheet ; (3) separate schedules for income, expenses, assets, long-term debt, retained earnings and partnership capital; (4) a list of directors, owners, principal officers, and business partners; and (5) a list of significant changes during the preceding year, including the issuance of capital stock or long-term debt, changes in franchise rights, significant changes in plant, and rate changes.

numbers, and contact persons of regulated utilities should be accurate and current. We believe, therefore, that the information mentioned above should be filed by CMRS providers by January 15 of each year, in lieu of the filing requirements of GOs 77-K and 104-A.³

This proceeding shall not consider whether telecommunications carriers other than CMRS providers should also be exempt from GOs 77-K and 104-A.⁴ Pending the outcome of this OIR, we defer the filing requirements of GOs 77-K and 104-A for CMRS providers only; therefore, CMRS providers need not submit on March 31, 1998, information relating to GOs 77-K and 104-A.

Preliminary Scoping Memo

This rulemaking shall be conducted in accordance with Article 2.5 of the Commission's Rules of Practice and Procedure.⁵ As required by Rule 6 (c) (2) of Article 2.5, this order incorporates a preliminary scoping memo⁶ as set forth below.

The scope of this rulemaking is to determine whether CMRS providers should be exempt from GOs 77K and 104-A.⁷ This rulemaking shall also address the extent of administrative reporting requirements that should remain in place if CMRS providers are ultimately exempted from these GOs.

³ We are willing to consider alternate procedures governing the filing of administrative information. For example, it may be more practical for CMRS providers to submit administrative information only when there has been a change in the information already on file.

⁴ In D.98-02-014 we said that "this proceeding shall be strictly limited to CMRS providers, and that this proceeding shall not consider whether other telecommunications carriers should also be exempt from GOs 77-K and 104-A."

⁵ The Rules of Practice and Procedure are posted in the Commission's web site at www.cpuc.ca.gov. Article 2.5 of the Commission's Rules implements many of the reforms contained in Senate Bill 960.

⁶ Rule 5(m) defines "scoping memo" as an order or ruling describing the issues to be considered in a proceeding and the timetable for resolving the proceeding.

⁷ In D.98-02-014, the Commission reserves the right to re-examine its decision of exempting CMRS providers from the filing requirements of GOs 77-K and 104-A should any future changes in the federal regulation require revision in the Commission regulation of CMRS providers.

material disputed factual issues on which a hearing should be held. In addition, the motion should identify the general nature of the adjudicative evidence the party proposes to introduce at the requested hearing. Any right a party may otherwise have to an evidentiary hearing for the presentation of adjudicative facts will be waived if the party does not submit a timely motion requesting an evidentiary hearing.

Following the receipt of comments and motions requesting an evidentiary hearing, if any, the assigned Commissioner shall issue a ruling that finalizes the category, scope and schedule of this proceeding (Rules 6(c)(2) and 6.3). After the issuance of this ruling, parties may file and serve an appeal to the Commission regarding the assigned Commissioner's ruling on category (Rule 6.4).

Service List for Proceeding

So that interested parties are aware of this proceeding, we shall instruct our Executive Director to mail a copy of this order to the service list for Investigation 93-12-007,¹¹ and to the Telecommunications Division's list of CMRS providers (Attachment D). A copy of this order may also be obtained from the Commission's web site; the Commission's Central Files' Office [(415) 703-2045]; and the Commission's Public Advisor's Office in Los Angeles [(213) 897-3544] or in San Francisco [(415) 703-2074].

Within ten days from the date of this order, any person or representative of an entity¹² interested in monitoring or participating in this rulemaking should send a letter to the Commission's Process Office.¹³ This letter should ask for placement on the service list for this proceeding, and state whether the person intends to "monitor" the proceeding or "participate" in the proceeding as an active party by filing written

¹¹ 1.93-12-007, an investigation initiated by the Commission to adopt a framework for the regulation of all forms of mobile telephone services provided to the public within California.

¹² Persons and representative of entities shall hereafter be referred to individually and collectively as person or persons.

¹³ The address of the Commission's Process Office is Room 2000, 505 Van Ness Avenue, San Francisco, CA 94102.

2. Any person or representative of an entity (entity) interested in monitoring this proceeding or participating in this rulemaking as a party must send a letter to the Commission's Process Office within ten (10) days from the date of this order. The letter must ask permission to be placed on the service list for this proceeding, and state whether the person or entity intends to "monitor" or "participate" in the proceeding as an active party by filing written comments or participating in hearings, if held. A service list for this proceeding shall be created within twenty (20) days from the date of this order. Parties may obtain the service list from the Commission's web site at www.cpuc.ca.gov, or by contacting the Commission's Process Office at (415) 703-2021.

3. After the service list is distributed, persons seeking to appear as a party in this proceeding shall first obtain a copy of the service list followed by serving a written request for party status on the assigned Administrative Law judge (ALJ) and all the parties on the service list. Persons seeking to monitor this proceeding shall send a written request to the Commission's Process Office asking to be accorded "Information Only" (non-party) status. An updated service list will be available from the Commission's web site and the Process Office.

4. Any party that fails to submit comments shall lose its status as a party and be placed on the "Information Only" portion of the service list.

5. The category of this rulemaking is preliminarily determined to be "quasi-legislative" as that term is defined in Rule 5(d) of the Commission's Rules of Practice and Procedure (Rule).

6. We preliminarily determine that there is no need for hearings in this rulemaking to receive either "adjudicative facts" or "legislative facts" as these terms are defined in Rules 8(f)(1) and 8(f)(2).

7. Written comments on matters within the scope of this proceeding shall be served on the other parties and shall be filed with the Commission's Docket Office on April 10, 1998. Reply comments shall be served and filed on April 24, 1998. Parties filing comments shall serve their comments on the assigned ALJ and the Director of the Telecommunications Division.
