Respectfully shows:

I

An order is requested for the adoption of Supplement 1 to the ATA Hazardous Materials Tariff ATA 111-1 and to make such provisions applicable to the

NOV 19 1969
COMM. DIVISION
CALIFORNIA PUBLIC UTILITIES COMMISSION

tariffs of highway common carriers and express corporations, which participate in and are listed in the HMT under authority of a power of attorney. It is further requested that such authorization be concurrent with the National effective date of Dec. 20, 1988 and that it be granted on one day's notice; that all common carriers be authorized and directed to establish in their respective tariffs all such charges as may be prescribed and all orders made herein; that common carriers be authorized to establish such changes as may be prescribed in class and commodity rates and charges in connection with the transportation of exempt commodities; that common carriers be authorized to depart from Sections 460 and 461.5 of the Public Utilities Code and appropriate long and short haul provisions of the Constitution of the State of California to the extent necessary to carry into effect such changes; that any related revisions in numbering, referencing or format in the various tariffs, incidental to such changes, be authorized and established, and for such other and further orders as may be deemed reasonable and proper.

II

Highway common carriers and express corporations are operating as common carriers pursuant to the authority of this Commission and in accordance with tariffs filed with this Commission, which tariffs are subject to and governed by the ATA Hazardous Materials Tariff ATA 111-1, Cal PUC 19 and supplements thereto.

III

The Hazardous Materials Tariff is periodically revised in order to remain responsive to the current conditions and needs of commerce in the transportation of hazardous materials by highway carriers. The Hazardous Materials Tariff

is also periodically reissued to minimize the difficulties which accompany excessive supplementation of tariff material.

Supplement 1, attached hereto as Exhibit A, and by this reference made a part hereof, proposes changes in the list of participating carriers and changes in the Hazardous Materials Regulations as ordered by the Department of Transportation and published in the Federal Register.

Supplement 1 to Hazardous Materials Tariff ATA 111-1 with an issue date of Nov. 15, 1988 and an effective date of Dec. 20, 1988 also applies to tariffs covering areas other than California. The purpose of this filing is to obtain the authority necessary to make such provisions applicable to the tariffs of highway common carriers under jurisdiction of the Commission. Such authority will continue to promote national uniformity of regulations between interstate and intrastate traffic as well as between the states.

I hereby certify under penalty of perjury that the foregoing is true and correct.
