RESOLUTION NO. T-11007

EVALUATION AND COMPLIANCE
DIVISION

DATE: February 20, 1986

RESOLUTION

____ Director
____ Numerical File
____ Alphabetical File
____ Accounting Officer

SUBJECT: Hal-Rad Communications. Order authorizing deviations from
General Order No. 96-A. Resolution No. T-11007.

WHEREAS: HAL-RAD COMMUNICATIONS, by Advice Letter No. 1, filed
November 12, 1985, requests authority under Section 490 of the Public Utilities
Code to deviate on an ongoing basis from the requirements of General Order No.
96-A in the following manner:

To deviate from the pagination requirements of Paragraph II.C(4) that "a
separate sheet or series of sheets should be used for each rule".

Hal-Rad Communications requests the deviations on the basis that the resulting
tariff schedules are easier to understand and less cumbersome to use. The
sheet numbering scheme proposed by Hal-Rad Communications is similar to the
numbering schemes currently utilized by Pacific Bell, General Telephone and
Continental Telephone. This resale carrier believes the public interest is not
served by the extravagant use of paper necessary to file one rule per tariff
sheet when several rules can be posted clearly on a single sheet because the
procedures of small resellers are fairly simple.

The deviations requested by Hal-Rad Communications are found to be justified;
therefore good cause appearing,

IT IS ORDERED that:

(1) Authority is granted to make the above deviations by Resolution of
the Public Utilities Commission of the State of California No. T-11007.

(2) Pursuant to the authority previously granted by Decision 84-05-008,
the tariff schedules filed by Advice Letter No. 1 of Hal-Rad Communications
Network shall become effective on February 21, 1986.

The effective date of this Resolution is today.

I hereby certify that the foregoing Resolution was duly introduced,
passed and adopted at a regular meeting of the Public Utilities Commission
of the State of California, held on February 20, 1986 the following
Commissioners voting favorably thereon:
