SUBJECT: PacTel Mobile Access. (U-3001-C) Order authorizing traffic interchange agreements relating to equal access arrangements in the San Diego area. Resolution No. T-11071.

WHEREAS: PACTEL MOBILE ACCESS, by Advice Letter No. 15, filed September 23, 1986, requests authorization and approval of the following agreements pertaining to the provision of equal access to interLATA toll carriers by cellular mobile radio subscribers of PacTel Mobile Access (PTMA) in the San Diego area:

PacTel Mobile Access and U.S. Sprint
PacTel Mobile Access and AT&T Communications
PacTel Mobile Access and The Western Union Telegraph Company

PTMA states that these agreements, which involve payment to PTMA by the toll carriers, are in the nature of contracts that require Commission approval. Counsel for PTMA cites CPUC Decision 88465, in which we concluded that "A series of contracts issued under a common rate formula becomes a de facto rate...". 83 CPUC 444. Each of the listed agreements calls for a payment calculated under a common formula which allocates to each toll carrier a part of the cost incurred by PTMA in developing and deploying equal access capability. Each share is calculated using the ratio of that carrier's subscribers and assignees to the total PTMA customer body. PTMA has provided cost support showing the total nonrecurring cost for San Diego to be \$50,808; there will be no future recurring charges to the toll carriers. The amount payable by each carrier will be calculated following the equal access subscription period.

The Commission finds the listed agreements to be reasonable, and concludes that they should be approved; therefore, good cause appearing,

IT IS ORDERED that:

(1) Authority is granted, effective today, to carry out the terms of the foregoing agreements.

(2) The agreements authorized here shall be marked to show that such agreements were authorized under Resolution of the Public Utilities Commission of the State of California No. T-11071.

The effective date of this Resolution is today.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular meeting of the Public Utilities Commission of the State of California, held on October 16, 1986, the following Commissioners voting favorable thereon:
