SUBJECT: AAlert Paging Company of San Diego (U-2086-C) and
AAlert Paging Company of San Francisco (U-2085-C).
Order authorizing the establishment of a returned
check charge of \$10. No appreciable revenue effect
is expected. Resolution No. T-11087.

WHEREAS: AALERT PAGING COMPANY OF SAN DIEGO and AALERT
PAGING COMPANY OF SAN FRANCISCO, by Advice Letters No. 2-Radio-
telephone, filed November 12, 1986, request authority under Section
454 of the Public Utilities Code to make effective the following
tariff revisions:

To impose a charge of \$10 for each check which is returned
unpaid for any reason. The charge applies on a per-check basis
regardless of the number of accounts to which the payment would be
applied.

Notification is being given to each customer on his next billing
beginning November 6, 1986. The charge will not be applied until
customer notification has been completed. No protests to the
charge have been received as of today.

No appreciable revenue effect is foreseen as a returned check charge
functions primarily as a deterrent.

The Commission finds that the rates, charges and conditions
authorized in this Resolution are just and reasonable and present
rates, charges and conditions, as they differ from the rates, charges
and conditions authorized in this Resolution are for the future
unjust and unreasonable; and good cause appearing,

IT IS ORDERED that:

(1) Authority is granted to make the above revisions
effective on December 13, 1986.

(2) Revised Cal. P.U.C. Sheet No. 29-T for each company shall be marked to show that such sheets were authorized by Resolution of the Public Utilities Commission of the State of California No. T-11087.

The effective date of this Resolution is today.

I hereby certify that the foregoing Resolution was duly introduced, passed and adopted at a regular meeting of the Public Utilities Commission of the State of California, held on December 3, 1986, the following Commissioners voting favorably thereon:
