RESOLUTION NO. T-12034
July 7, 1987

R E S O L U T I O N

PACIFIC BELL. EXECUTIVE AUTHORITY RESOLUTION AUTHORIZING PACIFIC BELL TO DEVIATE FROM ITS FILED TARIFF SCHEDULES SO THAT FIVE CUSTOMERS IN THE WATSONVILLE LOCAL EXCHANGE SERVICE AREA ARE ABLE TO RETAIN THEIR EXISTING EXCHANGE SERVICE DURING A UTILITY-INITIATED BOUNDARY REALIGNMENT TRANSFERRING WATSONVILLE EXCHANGE CUSTOMERS TO THE APTOS EXCHANGE.

SUMMARY

Five (5) Watsonville Foreign Exchange customers wish to retain their existing Watsonville local exchange service despite being transferred to the Aptos Exchange. It would be inappropriate to require existing customers to change their local exchange service due to a utility initiated boundary realignment.

BACKGROUND

PACIFIC BELL, by Advice Letter No.15255 filed June 5, 1987, requests authority under Section 532 of the Public Utilities Code to make effective the following tariff deviations:

To continue to provide Watsonville exchange telephone service to five (5) residence customers who are scheduled to be transferred from Watsonville to Aptos exchange due to a boundary realignment. These five (5) customers wish to retain their existing Watsonville exchange service.

DISCUSSION

It would be inappropriate to require existing customers to change their exchange service due to a utility-initiated boundary realignment. Therefore the utility requests this deviation.

This deviation will exist for the service life of the customer and will automatically expire when the customer disconnects service. This deviation cannot be transferred to or superseded by any other customers.

The requested deviation is found to be justified; therefore good cause appearing:

IT IS ORDERED THAT:

Authority is granted pursuant to Resolution No. T-9599 to make the above tariff deviations effective July 16, 1987.

The effective date of this resolution is today.

Dated at San Francisco, California July 7, 1987.
