RESOLUTION T-14061. PACIFIC BELL. ORDER AUTHORIZING  
PACIFIC BELL TO PROVIDE CENTREX SERVICE TO THE JEWISH  
HOME FOR THE AGED UNDER CONTRACT.

---

SUMMARY

Pacific Bell (Pacific), by Advice Letter No. 15694, filed February 23, 1990 requests authority under provisions of General Order No. 96-A (G.O. 96-A) and Decision No. 88-09-059 to deviate from filed tariff schedules in order to provide the Jewish Home For The Aged with Centrex service under a customer specific contract. This Resolution authorizes the contract which Pacific estimates will result in a decrease in annual revenue of \$5,700 for each year of the contract. No protests to this Advice Letter were filed.

BACKGROUND

In D. 88-09-059 the Commission adopted a modified Phase 1 Settlement (hereinafter referred to as the (Settlement)). Under the provisions of the Settlement, the Local Exchange Companies (LECs) are allowed to provide certain services, such as Centrex service, under the terms of contracts between LECs and customers. The Settlement provides that such contracts become effective upon authorization by the Commission.

Appendix A of D. 88-09-059 sets forth a process and requirements for the filing of advice letters requesting authorization of customer specific contracts. Such requirements include:

- The contracts do not become effective until authorized by Commission resolution.
- LECs may request confidential treatment of workpapers and supporting cost documentation. Parties to the Settlement, other than the Division of Ratepayers Advocates (DRA) must enter into protective agreements to obtain such workpapers and/or documentation.
- Each contract shall cover the costs of the services provided under each such contract.

- Contracts must contain "appropriate" services.
- The methodology for determining costs shall be either fully allocated or direct embedded.
- For Pacific's Centrex service, the price may in no event go below the price of the single-line business rate, plus the multi-line End User Common Line Charge per line (1MB+EUCL).
- Tracking procedures will be set up to validate costs.
- Contracts are to be used only in unusual or exceptional circumstances.

This contract filed under Advice Letter No. 15694 covers the provision of Centrex service to the Jewish Home For The Aged. Centrex is a central office based communications system equipped with primary stations lines capable of receiving direct in-dialed and capable of direct out-dialing of calls with optional features.

Under the terms of the Jewish Home For The Aged contract, Pacific agrees to provide the Jewish Home For The Aged, who currently takes Centrex service under tariff, 120 lines and optional features for a period of five years at a fixed rate of \$1,518 per month. The contract also provides for the potential growth of a maximum of 40 lines during the life of the contract at the contract per line rate. Nonrecurring charges for growth lines will be at the tariff rate. Pacific indicates that the Commission authorization of this contract will result in an estimated decrease in annual revenue of \$5,700.

#### PROTESTS

No protests have been filed on Pacific's Advice Letter No. 15694.

#### DISCUSSION

The Jewish Home For The Aged contract, in accordance with the requirements of Appendix A of D. 88-09-059, contains the necessary language which conditions its approval upon Commission authorization. Pacific, in its Advice Letter, has requested confidential treatment of workpapers and supporting cost documentation, and a review of the Jewish Home For The Aged contract indicates that the contract does not contain a service listed as inappropriate under the provisions of Appendix A of D. 88-09-59.

Based on a review of the workpapers and supporting documentation provided with the Jewish Home For The Aged contract it appears that the contractual rates do recover the specific costs of providing Centrex service to the Jewish Home For The Aged based on a direct embedded cost analysis. Further, the monthly rate per line (excluding nonrecurring charge revenues) under the

contract is greater than the single line business rate plus the multi-line End Users Common Line rate (1MB+EUCL).

With regard to tracking procedures required by D. 88-09-059, Pacific states in the Advice Letter that Pacific will be tracking recurring billings, nonrecurring billings (where identifiable), in-service volumes, inward movement volumes, recurring costs, and nonrecurring costs, and will provide an initial six-month report and subsequent annual reports to the Commission documenting the tracked data.

The provisions of Appendix A of D. 88-09-059 also require that customer specific contracts are to be used only in unusual or exceptional circumstances (Appendix A, page 14). In the Advice Letter, Pacific states,

"A special contract is required in this exceptional circumstance given the fact that this customer asked Pacific for a fixed price over a contractual period with customer-specific competitive pricing. Pacific could not meet the customer's expectations under current tariffs therefore offered a customer specific contract.

The terms and conditions of this contract are specific and unique and should not be considered precedential. The statements in the Advice Letter are unique to this contract and should also not be considered precedential."

The assertions by Pacific that the customer requires a fixed price over a contractual period with customer-specific pricing appears to form a reasonable basis on which to determine that an exceptional circumstance exists which warrants providing Centrex service to the Jewish Home For The Aged under contract. We agree with Pacific that such a determination for the Jewish Home For The Aged should not be considered by this Commission as establishing a precedent for subsequent contracts with other customers for telecommunications services.

D.88-09-059 states that "for Pacific's Centrex, the price may in no event go below the price of the single-line business rate, plus the multi-line EUCL per line." The following two questions have arisen concerning this requirement:

1. What is the appropriate "price" for Pacific's Centrex which should be compared to the price of the 1MB+EUCL?
2. Is the 1MB+EUCL floor rate fixed or does it float?

In Resolutions Nos. T-13091 (New York Life Centrex contract) and T-13092 (Dean Whitter Reynolds, Inc. Centrex contract) both dated September 7, 1989 we addressed both of these questions. With regard to the first question we determined in these previous

Resolutions that revenues from nonrecurring charges must be excluded from the contract rate before comparing the contract rate to the 1MB+EUCL. With regard to the second question we determined that as the 1MB+EUCL floor rate changes during the life of the contract, the contract rate may have to be adjusted so that at no time will the contract monthly rate per line, less nonrecurring revenues, be lower than the then current 1MB+EUCL. The purpose of such rate adjustments is to provide for a level playing field between the Centrex rates offered under a customer specific contract and the rates for 1MBs as well as PBX trunks which are the principle competitive services for Centrex.

In Resolution No. T-13069 (Great Western Centrex contract) based on the premise that a contract rate which is subject to change may not meet the needs of customers, we adopted an alternative means of providing a level playing field. This alternative required Pacific to offer to provide the customer deaveraged PBX trunk rates under contract with rates determined by the same cost methodology used to determine the contract Centrex line rates. Per Resolution No. T-13069, this requirement to offer to provide deaveraged PBX trunk rates applies to all Centrex contracts which were signed on or after May 26, 1989 which provide for a fixed Centrex contract rate. The Jewish Home For The Aged contract was signed after May 26, 1989 and Pacific has fulfilled this requirement by offering to provide the customer deaveraged PBX trunk rates under contract.

#### FINDINGS

We find that:

1. On February 23, 1990 Pacific Bell filed Advice Letter No. 15694 requesting Commission authorization to provide for the offering of Centrex service to the Jewish Home For The Aged under a customer specific contract.
