COMMISSION ADVISORY AND COMPLIANCE DIVISION  
Telecommunications Branch

RESOLUTION T-14137  
Date: August 9, 1990

R E S O L U T I O N

RESOLUTION T-14137. BAY AREA CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN THE SAN FRANCISCO/SAN JOSE CELLULAR GEOGRAPHIC SERVICE AREAS.

BY ADVICE LETTER NO. 46, FILED ON JULY 9, 1990.

---

SUMMARY

Bay Area Cellular Telephone Company (BACTC), by Advice Letter No. 46, filed on July 9, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the San Francisco/San Jose Cellular Geographic Service Areas. This Resolution authorizes the construction of the new cell site, known as the Highway 580 site, located at 1720 MacArthur Boulevard, Oakland, California 94602. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 46 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

BACTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California

Resolution T-14137  
Effective August 9, 1990

Public Utilities Commission); the City of Oakland and the Federal Communications Commission.

The proposed construction will be located at 1720 MacArthur Boulevard, Oakland, California 94602 and is known as the Highway 580 site. It will consist of a total of nine antennas that will be mounted on the roof of an existing four-story building. A four-foot diameter microwave dish also will be mounted on the roof of the building. In addition, there will be a 320 square foot premanufactured concrete equipment shelter placed approximately 300 feet southwest of the existing building, and through a cable placed along the exterior west wall of the building to the rooftop where the antennas will be mounted.

The Highway 580 site will become part of BACTC's cellular system serving the San Francisco/San Jose Cellular Geographic Service Areas.

Public notice that Bay Area Cellular Telephone Company filed Advice Letter No. 46 requesting authority to construct the Highway 580 site appeared in the California Public Utilities Commission's July 11, 1990 Daily Calendar. In addition, copies of BACTC's Advice Letter No. 46 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

#### PROTESTS

No protests have been filed on BACTC's Advice Letter No. 46.

#### FINDINGS

1. On July 9, 1990, Bay Area Cellular Telephone Company filed Advice Letter No. 46 requesting Executive authorization to construct the Highway 580 cell site located at 1720 MacArthur Boulevard, Oakland, California 94602.
2. The Highway 580 site represents an additional cellular radiotelephone facility not described in Decision 86-05-010, granting BACTC a certificate of public convenience and necessity.
3. Decision 90-03-080 adopts G.O. 159 which sets forth certain requirements for the filing of advice letters requesting authorization to construct cellular radiotelephone facilities not described in a utility's certificate of public convenience and necessity.
4. Advice Letter No. 46 conforms to the requirements of Decision 90-03-080 and G.O. 159.

Resolution (T-14137)  
Effective (August 9, 1990)

5. A BACTC officer signed a declaration which states that BACTC has received all necessary permits or approvals from the governmental entities listed in Advice Letter No. 46.
6. Advice Letter No. 46 lists the following entities which have jurisdiction over the proposed construction of the Highway 580 cell site: the City of Oakland and the Federal Communications Commission.
7. Advice Letter No. 46 states that the City of Oakland and the Federal Communications Commission comprise all governmental entities that have jurisdiction over the proposed construction of the Highway 580 cell site.

THEREFORE, IT IS ORDERED that:

- (1) Bay Area Cellular Telephone Company's request for authority to construct the Highway 580 cell site is granted.
- (2) The effective date of this resolution is August 9, 1990.
