

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

COMMISSION ADVISORY AND COMPLIANCE DIVISION RESOLUTION T-14142  
Telecommunications Branch Date: August 13, 1990

R E S O L U T I O N

RESOLUTION T-14142. LOS ANGELES CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN THE LOS ANGELES CELLULAR GEOGRAPHIC SERVICE AREA.

BY ADVICE LETTER NO. 52, FILED ON JULY 13, 1990.

---

SUMMARY

Los Angeles Cellular Telephone Company (LACTC), by Advice Letter No. 52, filed on July 13, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the Los Angeles Cellular Geographic Service Area. This Resolution authorizes the construction of the new cell site, known as the Los Angeles Cellular Site No. 219, located at 6500 Stearns Street, Long Beach, CA. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

### DISCUSSION

Advice Letter No. 52 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

LACTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the City of Long Beach, the Federal Aviation Commission, and the Federal Communications Commission.

The proposed construction will be located at 6500 Stearns Street, Long Beach, CA and is known as the Los Angeles Cellular Site No. 219 site. It will consist of a 360 square foot, one-story equipment shelter with an associated 60 foot antenna structure.

The Los Angeles Cellular Site No. 219 will become part of LACTC's cellular system serving the Los Angeles Cellular Geographic Statistic Area.

Public notice that Los Angeles Cellular Telephone Company filed Advice Letter No. 52 requesting authority to construct the Los Angeles Cellular Site No. 219 appeared in the California Public Utilities Commission's July 18, 1990 Daily Calendar. In addition, copies of LACTC's Advice Letter No. 52 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

### PROTESTS

No protests have been filed on LACTC's Advice Letter No. 52.

### FINDINGS

1. On July 13, 1990, Los Angeles Cellular Telephone Company filed Advice Letter No. 52 requesting Executive authorization to construct the Los Angeles Cellular Site No. 219 located at 6500 Stearns Street, Long Beach, CA.
2. The Los Angeles Cellular Site No. 219 represents an additional cellular radiotelephone facility not described in Decision 84-06-110, granting LACTC a certificate of public convenience and necessity.
3. Decision 90-03-080 adopts G.O. 159 which sets forth certain requirements for the filing of advice letters requesting

Resolution T-14142  
Effective August 13, 1990

- authorization to construct cellular radiotelephone facilities not described in a utility's certificate of public convenience and necessity.
4. Advice Letter No. 52 conforms to the requirements of Decision 90-03-080 and G.O. 159.
  5. A LACTC officer signed a declaration which states that LACTC has received all necessary permits or approvals from the governmental entities listed in Advice Letter No. 52.
  6. Advice Letter No. 52 lists the following entities which have jurisdiction over the proposed construction of the Los Angeles Cellular Site No. 219: the City of Long Beach, the Federal Aviation Commission, and the Federal Communications Commission.
  7. Advice Letter No. 52 states that the City of Long Beach, the Federal Aviation Commission, and the Federal Communications Commission comprise all governmental entities that have jurisdiction over the proposed construction of the Los Angeles Cellular Site No. 219.

THEREFORE, IT IS ORDERED that:

- (1) Los Angeles Cellular Telephone Company's request for authority to construct the Los Angeles Cellular Site No. 219 is granted.
- (2) The effective date of this resolution is August 13, 1990.
