

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

COMMISSION ADVISORY AND COMPLIANCE DIVISION RESOLUTION T-14146

Telecommunications Branch

Date: August 20, 1990

R E S O L U T I O N

RESOLUTION T-14146. LOS ANGELES SMSA LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN THE LOS ANGELES METROPOLITAN AREA.

BY ADVICE LETTER NO. 69, FILED ON JULY 20, 1990.

SUMMARY

Los Angeles SMSA Limited Partnership (LASLP), by Advice Letter No. 69, filed on July 20, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the Los Angeles Metropolitan Area. This Resolution authorizes the construction of the new cell sites, known as the Irvine (AVCO), Anaheim (Orangefair), Azusa, Burbank (Lockheed), and Hawthorne (Lennox) sites, located at 17770 Cartwright Road, Irvine, 950 East Orangethrope, Unit C, Anaheim, 203 North Aspan, Azusa, 2340 North Hollywood Way, Burbank, and 11633 Hawthorne, Hawthorne respectively. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 69 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities. Authority to construct the original facility, a certificate of public convenience and necessity, was granted to LASLP by Decision 87-04-014.

LASLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the City of Irvine, the City of Anaheim, the City of Azusa, the City of Burbank, the City of Hawthorne, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction will be located at 17770 Cartwright Road, Irvine, 950 East Orangethrope, Unit C, Anaheim, 203 North Aspan, Azusa, 2340 North Hollywood Way, Burbank, and 11633 Hawthorne, Hawthorne and are known as the Irvine (AVCO), Anaheim (Orangefair), Azusa, Burbank (Lockheed), and Hawthorne (Lennox) sites respectively. The construction will consist of a 500 square foot facility enclosure on the first floor of an existing building at the AVCO site, an 8' x 30' equipment enclosure within an existing one story building at the Orangefair site, an 8' x 30' equipment enclosure within an existing building and placement of a fifty-five foot antenna at the Azusa site, a 500 square foot facility enclosure on the second floor of an existing building at the Lockheed site, and 600 square foot facility on the third floor of an exiting building at the Lennox site.

The Irvine (AVCO), Anaheim (Orangefair), Azusa, Burbank (Lockheed), and Hawthorne (Lennox) sites will become part of LASLP's cellular system serving the Los Angeles Metropolitan Area.

Public notice that LASLP filed Advice Letter No. 69 requesting authority to construct the Irvine (AVCO) Anaheim (Orangefair), Azusa, Burbank (Lockheed), and Hawthorne (Lennox) sites appeared in the California Public Utilities Commission's July 25, 1990 Daily Calendar. In addition, copies of LASLP's Advice Letter No. 69 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

PROTESTS

No protests have been filed on LASLP's Advice Letter No. 69:

FINDINGS

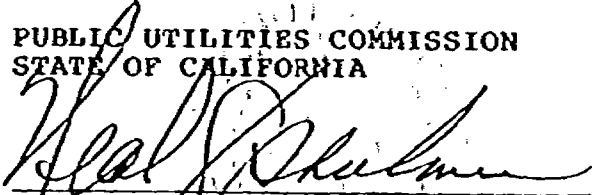

1. On July 20, 1990, LASLP filed Advice Letter No. 69 requesting Executive authorization to construct the Irvine (AVCO), Anaheim (Orangefair), Azusa, Burbank (Lockheed), and Hawthorne (Lennox) cell sites located at 17770 Cartwright Road, Irvine, 950 East Orangethrope, Unit C, Anaheim, 203 North Aspan, Azusa, 2340 North Hollywood Way, Burbank, and 11633 Hawthorne, Hawthorne respectively.
2. The Irvine (AVCO), Anaheim (Orangefair), Azusa, Burbank (Lockheed), and Hawthorne (Lennox) sites represent an additional cellular radiotelephone facility not described in Decision 87-04-014, granting LASLP a certificate of public convenience and necessity.
3. Decision 90-03-080 adopts G.O. 159 which sets forth certain requirements for the filing of advice letters requesting authorization to construct cellular radiotelephone facilities not described in a utility's certificate of public convenience and necessity.
4. Advice Letter No. 69 conforms to the requirements of Decision 90-03-080 and G.O. 159.
5. A LASLP officer signed a declaration which states that LASLP has received all necessary permits or approvals from the governmental entities listed in Advice Letter No. 69.
6. Advice Letter No. 69 lists the following entities which have jurisdiction over the proposed construction of the Irvine (AVCO), Anaheim (Orangefair), Azusa, Burbank (Lockheed), and Hawthorne (Lennox) cell sites: the City of Irvine, the City of Anaheim, the City of Azusa, the City of Burbank, the City of Hawthorne, the Federal Aviation Administration, and the Federal Communications Commission.

Resolution T-14146
Effective August 20, 1990

THEREFORE, IT IS ORDERED that:

- (1) Los Angeles SMSA Limited Partnership's request for authority to construct the Irvine (AVCO), Anaheim (Orangefair), Azusa, Burbank (Lockheed), and Hawthorne (Lennox) cell sites is granted.
- (2) The effective date of this resolution is August 20, 1990.
