Telecommunications Branch

RESOLUTION T-14153
Date: August 31, 1990

R E S O L U T I O N

RESOLUTION T-14153. GTE MOBILNET OF CALIFORNIA LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN THE SAN FRANCISCO/SAN JOSE CELLULAR GEOGRAPHIC SERVICE AREAS.

BY ADVICE LETTER NO. 41, FILED ON July 30, 1990.

SUMMARY

GTE Mobilnet Of California Limited Partnership (GTEM-CA, Ltd.), by Advice Letter No. 41, filed on July 30, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the San Francisco/San Jose Cellular Geographic Service Areas. This Resolution authorizes the construction of the new cell site, known as the King Stucco site, located at 921 Ames Avenue, Milpitas, CA. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 41 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities. Authority to construct the original facility, a certificate of public convenience and necessity, was granted to GTEM-CA, Ltd. by Decision 88-08-063.

GTEM-CA, Ltd. has obtained permits or approvals from the following governmental entities and asserts that these entities

Resolution (T-14153)
Effective (8/31/90)

comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission); the City of Milpitas, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction will be located at 921 Ames Avenue, Milpitas, CA and is known as the King Stucco site. It will consist of radio transmitting/receiving equipment, a 45' monopole, up to two microwave dishes and an 11" x 20' prefabricated concrete building. The monopole will be surrounded by a seven-foot chain link fence. There will also be an electronic alarm, halon fire protection, air conditioning, batteries for back-up power and electrical meter for power on site.

The King Stucco site will become part of GTEM-CA, Ltd.'s cellular system serving the San Francisco/San Jose Cellular Geographic Service Areas.

Public notice that GTE Mobilnet Of California Limited Partnership filed Advice Letter No. 41 requesting authority to construct the King Stucco site appeared in the California Public Utilities Commission's August 1, 1990 Daily Calendar. In addition, copies of GTEM-CA, Ltd.'s Advice Letter No. 41 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.

PROTESTS

No protests have been filed on GTEM-CA, Ltd.'s Advice Letter No. 41.

FINDINGS

1. On July 30, 1990, GTE Mobilnet Of California Limited Partnership filed Advice Letter No. 41 requesting Executive authorization to construct the King Stucco cell site located at 921 Ames Avenue, Milpitas, CA.
2. The King Stucco site represents an additional cellular radiotelephone facility not described in Decision 88-08-063, granting GTEM-CA, Ltd. a certificate of public convenience and necessity.
3. Decision 90-03-080 adopts G.O. 159 which sets forth certain requirements for the filing of advice letters requesting authorization to construct cellular radiotelephone facilities not described in a utility's certificate of public convenience and necessity.

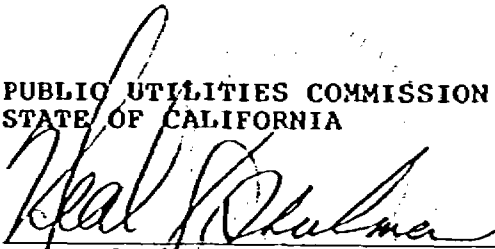

Resolution (T-14153)
Effective (8/31/90)

4. Advice Letter No. 41 conforms to the requirements of Decision 90-03-080 and G.O. 159.
5. A GTEM-CA, Ltd. officer signed a declaration which states that GTEM-CA, Ltd. has received all necessary permits or approvals from the governmental entities listed in Advice Letter No. 41.
6. Advice Letter No. 41 lists the following entities which have jurisdiction over the proposed construction of the King Stucco cell site: the City of Milipitas, the Federal Aviation Administration, and the Federal Communications Commission.

THEREFORE, IT IS ORDERED that:

- (1) GTE Mobilnet Of California Limited Partnership's request for authority to construct the King Stucco cell site is granted.
- (2) The effective date of this resolution is August 31, 1990.
