RESOLUTION T.14170. SACRAMENTO CELLULAR TELEPHONE COMPANY. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN THE Sacramento Metropolitan Statistical Area.

BY ADVICE LETTER NO. 29, FILED ON September 9, 1990.

SUMMARY

SACRAMENTO CELLULAR TELEPHONE COMPANY (SaCTC), by Advice Letter No. 29, filed on September 9, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the Sacramento Metropolitan Statistical Area. This Resolution authorizes the construction of the new cell site, known as the Foothill Farms site, located at 6000 Auburn Blvd., Citrus Heights, CA. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 29 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

SaCTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): County of Sacramento, Federal Aviation Administration, Federal Communications Commission.

Resolution T.14170
Effective October 10, 1990

The proposed construction will be located at 6000 Auburn Blvd., Citrus Heights, CA and is known as the Foothill Farms site. It will consist of one 60-foot blue monopole transmission tower with 12 cellular antennas, one 12-ft x 28-ft x 11-ft concrete and steel modular building with radio transmitting and receiving equipment, a generator, and a DC power supply.

The Foothill Farms site will become part of SaCTC's cellular system serving the Sacramento Metropolitan Statistical Area.

Public notice that SACRAMENTO CELLULAR TELEPHONE COMPANY filed Advice Letter No. 29 requesting authority to construct the Foothill Farms site appeared in the California Public Utilities Commission's September 12, 1990 Daily Calendar. In addition, copies of SaCTC's Advice Letter No. 29 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.
