

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

COMMISSION ADVISORY AND COMPLIANCE DIVISION RESOLUTION T-14208  
Telecommunications Branch Date: November 17, 1990

R E S O L U T I O N

RESOLUTION T-14208. LOS ANGELES SMSA LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF FOUR NEW CELL SITES IN THE LASLP's cellular geographic service area.

BY ADVICE LETTER NO. 82, FILED ON OCTOBER 17, 1990.

---

SUMMARY

LOS ANGELES SMSA LIMITED PARTNERSHIP (LASLP), by Advice Letter No. 82, filed on October 17, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add four new cellular radiotelephone cell sites to its existing cellular system serving LASLP's cellular geographic service area. This Resolution authorizes the construction of the new cell sites, known as the Orange Park Acres, Centennial High, Newport Center, and Rosebowl sites, located respectively in the cities of Orange, Corona, Newport, and Pasadena. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 82 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

LASLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission):

Resolution T-14208  
Effective November 17, 1990

for the Orange Park Acres site, the City of Orange;  
for the Centennial High site, the State of California, Office of  
the State Architect;  
for the Newport Center site, the City of Newport;  
and for the Rosebowl site, the City of Pasadena.  
The FAA and FCC have jurisdiction over each site, but required  
no further permit for their construction.

The proposed construction for the Orange Park Acres site will be  
located at 7446 E. Chapman Avenue F. Orange, California. It  
will consist of a 600 square foot cellular communications  
facility on the second floor of an existing building and face  
mount antennas attached to the parapet of the building.

The proposed construction for the Centennial High site will be  
located at Centennial High School, Corona, California. It will  
consist of a 10-ft 6-inch x 30-ft freestanding wood frame  
utility structure to house electrical radio and power equipment.  
A 7-ft 6-inch tripod with cellular antennas will be mounted on  
the roof of the building.

The proposed construction for the Newport Center site will be  
located at 500 Newport Drive, Newport, California. It will  
consist of a 600 square foot facility to house electrical radio  
and power equipment on the penthouse level of an existing  
building. Cellular antennae will be attached to the roof of the  
building.

The proposed construction for the Rosebowl site will be located  
at 1222 North Fair Oaks Avenue, Pasadena, California. It will  
consist of a 1330 square foot cellular communications facility  
in an existing one story building and the placement of two  
microwave dishes and a cellular antenna on an existing 60 foot  
monopole owned by Los Angeles Cellular Telephone Company.

The Orange Park Acres, Centennial High, Newport Center, and  
Rosebowl sites will become part of LASLP's cellular system  
serving LASLP's cellular geographic service area.

Public notice that LOS ANGELES SMSA LIMITED PARTNERSHIP filed  
Advice Letter No. 82 requesting authority to construct the  
Orange Park Acres, Centennial High, Newport Center, and Rosebowl  
sites appeared in the California Public Utilities Commission's  
CALDATE Daily Calendar. In addition, copies of LASLP's Advice  
Letter No. 82 were mailed in accordance with the Commission's  
General Order No. 96-A, Section III. G, to competing utilities  
either privately or publicly owned, adjacent utilities either  
privately or publicly owned, utilities having requested such  
notification, and other interested parties having requested such  
notification.

PROTESTS

No protests have been filed on IASLP's Advice Letter No. 82.

FINDINGS

1. On October 17, 1990, LOS ANGELES SMSA LIMITED PARTNERSHIP filed Advice Letter No. 82 requesting Executive authorization to construct the Orange Park Acres, Centennial High, Newport Center, and Rosebowl cell sites located respectively in the cities of Orange, Corona, Newport, and Pasadena.
2. The Orange Park Acres, Centennial High, Newport Center, and Rosebowl sites are additional cellular radiotelephone facilities not described in D.83-06-080, granting IASLP a certificate of public convenience and necessity.
3. Decision 90-03-080 adopts G.O. 159 which sets forth certain requirements for the filing of advice letters requesting authorization to construct cellular radiotelephone facilities not described in a utility's certificate of public convenience and necessity.
4. Advice Letter No. 82 conforms to the requirements of Decision 90-03-080 and G.O. 159.
5. A IASLP officer signed a declaration which states that IASLP has received all necessary permits or approvals from the governmental entities listed in Advice Letter No. 82.
6. Advice Letter No. 82 lists the following entities which have jurisdiction over the proposed construction: for the Orange Park Acres site, the City of Orange; for the Centennial High site, the State of California, Office of the State Architect, for the Newport Center site, the City of Newport, and for the Rosebowl cell site, the City of Pasadena.
7. Advice Letter No. 82 states that in addition to the entities listed above, the Federal Communications Commission and the Federal Aviation Administration have jurisdiction over the cell site construction but do not require additional permits for that construction.

Resolution T-14208  
Effective Noveneber 17, 1990

THEREFORE, IT IS ORDERED that:

- (1) LOS ANGELES SMSA LIMITED PARTNERSHIP's request for authority to construct the Orange Park Acres, Centennial High, Newport Center, and Rosebowl cell sites is granted.
- (2) The effective date of this resolution is November 17, 1990.
