RESOLUTION T-14238. SACRAMENTO VALLEY LIMITED PARTNERSHIP. EXECUTIVE ORDER AUTHORIZING THE ADDITION OF A NEW CELL SITE IN THE SACRAMENTO-VALLEY METROPOLITAN AREA.

BY ADVICE LETTER NO. 42, FILED ON OCTOBER 26, 1990.

---

SUMMARY

SACRAMENTO VALLEY LIMITED PARTNERSHIP (SVLP), by Advice Letter No. 42, filed on October 26, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the Sacramento-Valley Metropolitan Area. This Resolution authorizes the construction of the new cell site, known as the Northgate site, located at 701 WN Market Boulevard, Sacramento, CA. No protests to this Advice Letter have been filed.

BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. A cellular utility must file an advice letter requesting authorization to construct after it has received all approvals for the proposed construction required by any governmental agencies with jurisdiction over the proposed construction, or which would have jurisdiction absent the Commission's preemption.

DISCUSSION

Advice Letter No. 42 contains all the information required under G.O. 159 to be included in an Advice Letter filing for authority to construct additional cellular facilities.

SVLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the County of Sacramento, the Federal Emergency Management Agency, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction will be located at 701 WN Market Boulevard, Sacramento, CA and is known as the Northgate site. It will consist of a 12-foot by 28-foot prefabricated equipment shelter and an additional antenna on an existing lattice tower.

Resolution T-14238  
Effective November 26, 1990

The Northgate site will become part of SVLP's cellular system serving the Sacramento-Valley Metropolitan Area.

Public notice that SACRAMENTO VALLEY LIMITED PARTNERSHIP filed Advice Letter No. 42 requesting authority to construct the Northgate site appeared in the California Public Utilities Commission's October 31, 1990 Daily Calendar. In addition, copies of SVLP's Advice Letter No. 42 were mailed in accordance with the Commission's General Order No. 96-A, Section III. G, to competing utilities either privately or publicly owned, adjacent utilities either privately or publicly owned, utilities having requested such notification, and other interested parties having requested such notification.
