SUMMARY

STOCKTON CELLULAR TELEPHONE COMPANY (SKTC), by Advice Letter No. 30, filed on November 15, 1990, requests authority under the provisions of General Order 159 (G.O. 159) and Decision No. 90-03-080 (March 28, 1990) to add a new cellular radiotelephone cell site to its existing cellular system serving the Stockton Metropolitan Statistical Area. This Resolution authorizes the construction of the new cell site, known as the Lincoln Village site, located at 8177 West Rindge Road, Stockton, CA. BACKGROUND

Under G.O. 159 (D.90-03-080), a cellular utility must obtain authorization from the Commission before construction of cellular facilities not described in its application for a certificate of public convenience and necessity. DISCUSSION

SKTC has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the County of San Joaquin, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction will be located at 8177 West Rindge Road, Stockton, CA and is known as the Lincoln Village Cell site. It will consist of twelve antennas and six microwave
