LASLP has obtained permits or approvals from the following governmental entities and asserts that these entities comprise all governmental entities that have jurisdiction over the proposed construction (with the exception of the California Public Utilities Commission): the City of Bellflower, the City of Los Angeles, the County of Los Angeles, the Federal Aviation Administration, and the Federal Communications Commission.

The proposed construction will be located at 9721 Artesia, Suite C, Bellflower, CA and 8106 Figueroa Street, Los Angeles, CA and are known as the Fiola and Hook sites, respectively. The Fiola site will consist of a 7 foot antenna attached to the roof of an existing building and an equipment shelter. The Hook site will consist of 60-foot pole and equipment shelter.
